Your **FEEDBACK** is requested.
Use the simple in-product feedback form.

The following pages will provide you insight into some of the new features and functionality we have introduced in the new CIS and which we would like you to try over the next couple of weeks and send us your **feedback**.

We believe the improvements will enhance your use of the service by enabling you to personalise CIS to focus on your specific construction interests and needs. We have also made access to your important information, easier and faster.

Please bear in mind though, the service is still in the final stages of development and you won't necessarily find access to everything you have on current CIS.

Please use the built in feedback form (see over) to provide us your comments
This is your opportunity to influence the final design.

HOMEPAGE PERSONALISED FOR YOUR NEEDS AND INTERESTS

The screenshot displays the CIS (UK) BETA homepage. At the top, there is a search bar with the text "Search for documents" and a search icon. To the right of the search bar are links for "Advanced", "Search Options", "Keith", "Help", and a notification icon. The left sidebar contains a "HOME" button and a "BROWSE" section with categories: Subjects (835), Publishers (511), and Series (621). Below this is a "TOPICS" section with "New Legislation" (114), "Sustainability" (4653), and "BIM" (426). The "PROJECTS" section includes "Add Folder", "My Frequently viewed", and "Sept Important". The main content area features a "September 2015 Edition" header and a large banner titled "Essential reading in September's CIS briefing". The banner lists three items: "The second part of the BS 8895 materials efficiency document suite has been published", "BSRIA has released an important document addressing Legionnaires disease", and "BRE has issued a report on the health effects of different types of lighting". A "Read now" button is positioned below the banner. Below the banner are four tiles: "Project Folders" (View, create and manage your CIS project folders), "Recently Viewed" (View recent documents and articles), "My Saved Searches" (Retrieve and update your previously saved searches), and "Advanced Search" (More search options and filters for advanced users). A yellow box labeled "Feedback form" is overlaid on the right side of the tiles. At the bottom right, there is a dark bar with a plus sign, also highlighted by a green box.

Easy access to your personal information once you have **Registered**, and **Signed In** to a MYCIS account - . the feature that allows you to personalise the service to suit your exact requirements .

Once registered and signed into MyCIS, set up Project folders to help you to organise and keep track of your key documents.

Automated document change alerts will keep you up-to-date.

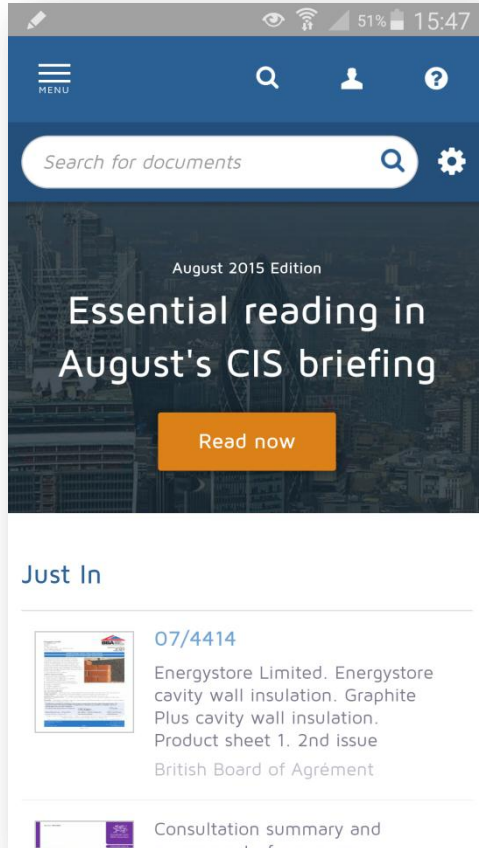

EASIER & QUICKER RESULTS VIEWING

The screenshot shows the MyCIS search interface. At the top, there's a search bar with 'Building Regulations' entered and a search icon. To the right are links for 'Advanced', 'Search Options', 'Account', and 'Help'. Below the search bar, it displays '13953 results for Building Regulations' with 'Filter' and 'Save Search' buttons. A 'Relevance' dropdown menu is visible. The results list includes several entries for 'Building Regulations 2010: Approved Documents' (7, L2B, L1B, L1A). The right-hand panel shows a detailed view of the selected document: 'Building Regulations 2010: Approved Documents 7 Materials and workmanship Regulation 7 (2013 edition) (only applicable in England)'. It includes a 'Download' button, a 'Save to folder' button, and a 'Document Status' section indicating it is 'Current'. Other sections include 'Supplement', 'Series', 'Abstract', and 'History'.

New “3 panel” graphical layout provides quicker access to information. View search results and the related preview information on the same screen. Quickly scan your results list for the most appropriate document to meet your exact needs.

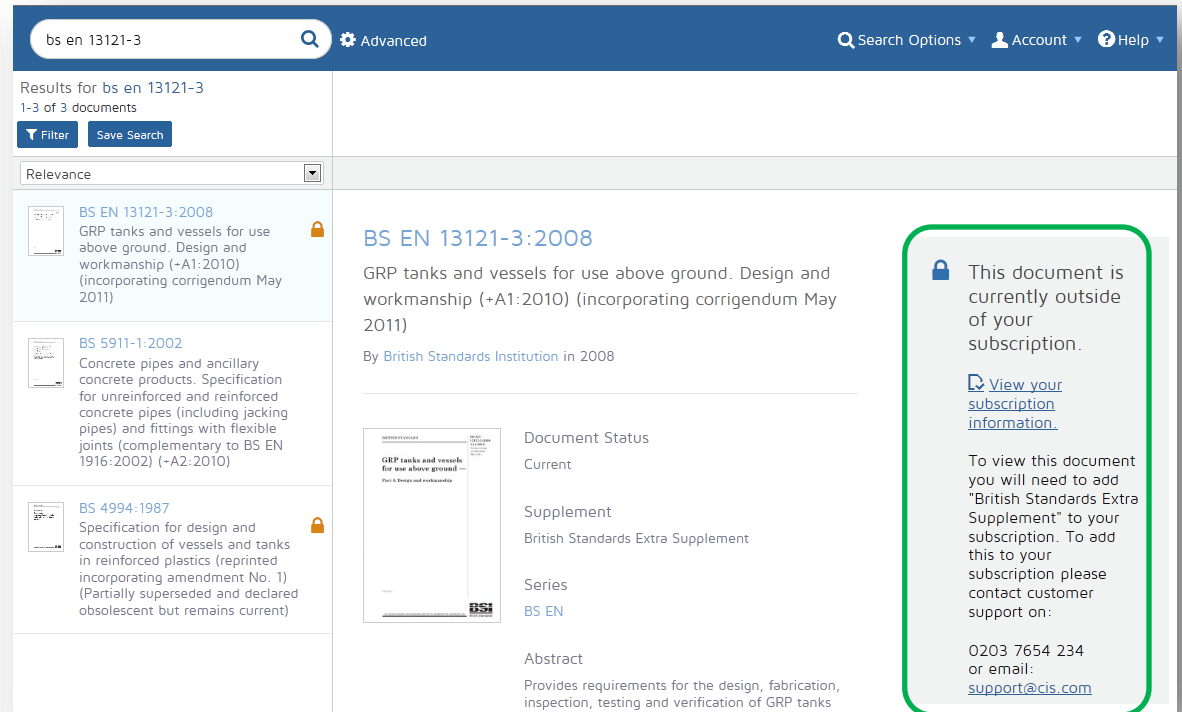

RESPONSIVE & SCALEABLE DESIGN FOR MOBILE DEVICES
