Year ago	362.77

Index comparison

Sector comparison

Overview

The CW75 index rose 0.7% for the week ended 8 March, outpacing the S&P 500, which was up 0.2%, but lagging MSCI World Index, which increased 3.9%.

Basic chemical shares increased 2.2%, diversified shares rose 0.4%, and specialty stocks were up 0.5%. Ag shares also increased 0.5%.

American Vanguard posted the biggest gain for the week at 23.6%, followed by Trinseo and Chemours, which rose 16.6% and 12.6%, respectively.

Evonik posted the biggest decline for the week at 11.3%, followed by Balchem, at 6.2%, and Sumitomo Chemical, at 4.7%.

Evonik shares tumbled on 3 March after the company announced year-on-year declines in fourth quarter sales and net income. American Vanguard shares surged to a 52-week high on 4 March, before falling back slightly.

Leaders

Company Name	Ticker	1-week change (%)
American Vanguard	AVD	23.6%
