Security News

Increase your understanding of the global threat environment

Jane's provides international security news, analysis, insight and context for an increasingly volatile threat environment. Reporting and analysis addresses political, social and economic threats, terrorism and insurgency and organised crime at a national, regional and global level.

News and insight from leading Jane's experts

Jane's global network of experts not only tell you what's happening they apply geopolitical, technological, and economic context, to provide a holistic picture which includes impact and what-if analysis.

Jane's Security News helps you:

- Assess and monitor emerging security threats
- Track developments in CBRN proliferation
- Monitor the effect of political disruptions
- Conduct more robust all-source and open-source analysis
- Understand broader security contexts

A holistic view of a volatile world

Jane's delivers global news and daily insight analysing events, trends and developments in key country risk and national security subject areas, including satellite imagery analysis.

From tactical briefs to strategic insight, Jane's helps you see the bigger picture

Daily reports

These reports are rapidly produced responses to risk-relevant events that have occurred around the world. They provide an overview of the event, analysis and an outlook which sets out the risk implications of the event and our analysts' forecast to help you understand what a change in the world means for your risk environment.

Intelligence briefs

These reports provide analysis on key strategic trends and changing risks which enable you to understand what the details mean for the bigger picture.

Special reports

Including content from Jane's publications including Jane's Intelligence Review, these longer reports contain high-level analysis of key risk trends. Jane's analysts use advanced analytical techniques including scenarios, influence maps, IMINT, SOCMINT and GEOINT in conjunction with their own expertise to provide in-depth and original insight and analysis.

Major incident response assessments

These assessments provide analysis and implications of major incidents as they occur.

Added value with Jane's Intelligence Briefings

Subscribers to Jane's Security News Module receive complimentary access to Jane's Online Intelligence Briefings. In these briefings Jane's analysts deliver 45-60 minutes of insight to provide an exclusive opportunity to delve more deeply into the most topical issues.
