

IHS Markit®

Upstream Intelligence

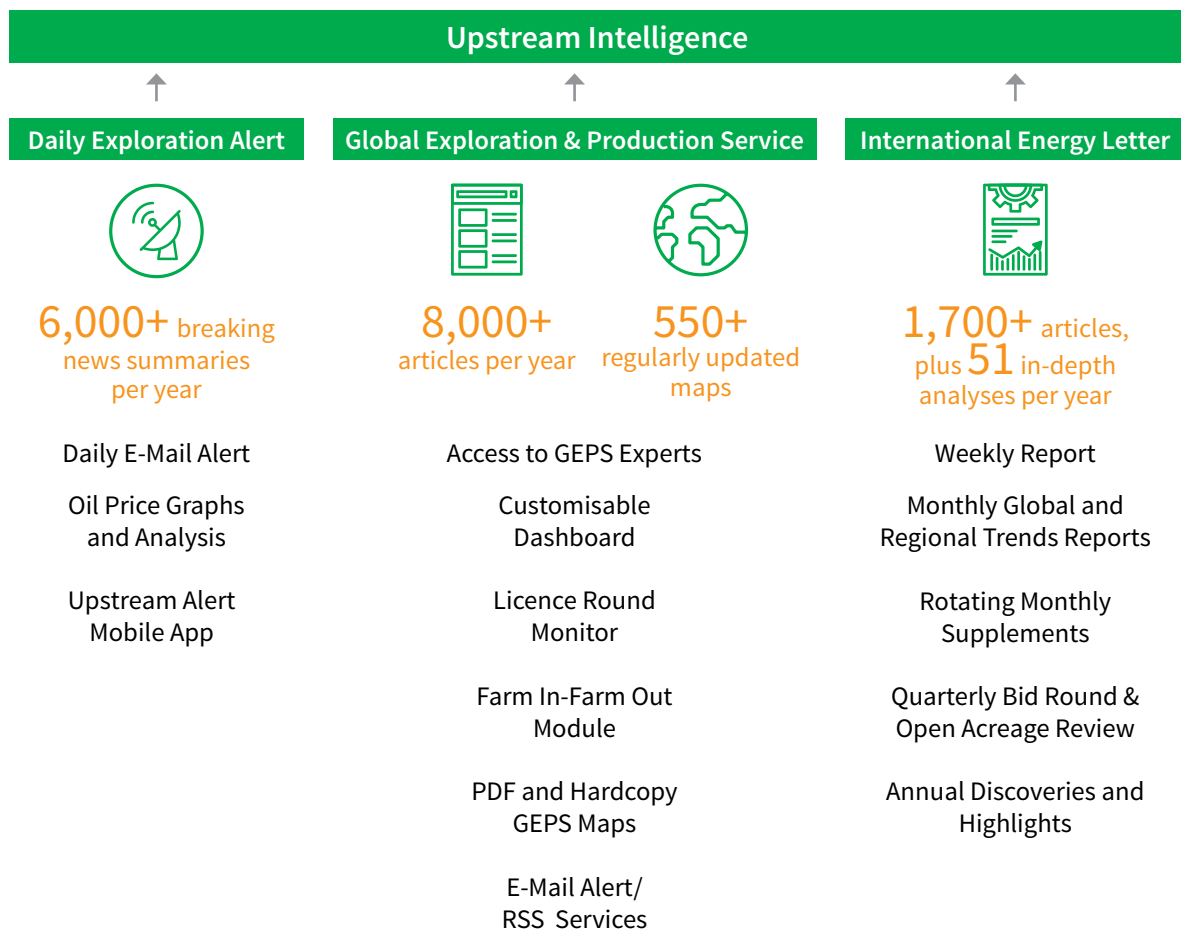

The Exploration & Production industry's leading
real-time commentary on worldwide activity

Whether monitoring competition, analysing activity, or tracking how field life is being prolonged, the Upstream Intelligence service from IHS Markit provides accurate, up-to-date information tailored to your specific requirements.

The IHS Markit Upstream Intelligence portfolio **sits at the intersection of commercial and subsurface activity**. Use the complete and integrated package of information and tools to gain an in-depth understanding of **current, historical and planned activity in the worldwide E&P sector**, and:

- Reduce research time with single-source information
- Monitor portfolio impact of developments
- Track field life from exploration to decommissioning
- Empower licensing round negotiations
- Discover and exploit new opportunities
- Keep track of competitors' activity

In addition to technical and analytical reports, Upstream Intelligence customers benefit from **Forward Looking Summaries** for every country; annual **Country Reviews**; Monthly Production Graphs and other visual content; and an **extensive archive** going back **20+** years

Detailed look at Product Content and Applications

Global Exploration & Production Service (GEPS)

Detailed E&P coverage from GEPS is worldwide, with content continually updated; access both up-to-the-minute and historical information on a wide range of topics, including:

Petroleum Rights	Exploratory Drilling	Production & Reserves	Field Development
<ul style="list-style-type: none">- Licence Rounds- Opportunities- Company Deals	<ul style="list-style-type: none">- Current/Planned Wells- Hydrocarbon Discoveries- Play Openers	<ul style="list-style-type: none">- New Fields on stream- Monthly Production Updates	<ul style="list-style-type: none">- Planned / Current Developments- Abandonment / Decommissioning- Activity Maps

The dynamic filter menus show at a glance the key players in any given country; which basins host the most activity; and which topics are trending where. Use the Country Dashboard and Cross-Product Search to view content by country – and compare countries' information side-by-side.

GEPS is supported by the world's most extensive E&P database, and articles are directly linked to this data, helping you easily find related content and see the full picture.

GEPS allows you to generate your own custom search results and dashboard views and save them for later; dynamic updates mean **you will always log in to fresh information**. Customise your own reports and e-mail alerts.

This unique service is built on an **unrivalled foundation of knowledge, experience and understanding of the industry** and is written by E&P professionals, located strategically around the world.

International Energy Letter (IEL)

The International Energy Letter delivers to E&P and Finance professionals a weekly overview and analysis of Energy activity worldwide. The speed, coverage and content saves time and money – placing events and trends in context, and explaining: “**so what?**”

Content is available online, and delivered in PDF format via:

- International Energy Letter Weekly Report, including
 - Weekly global E&P activity and statistics
 - Monthly rotating supplements
 - Quarterly industry reviews
- Monthly Global and Regional Trends Reports
- Quarterly international Bid Round and Open Acreage Review
- Annual worldwide Discoveries and Highlights review

Daily Exploration Alert (DEA)

The Daily Exploration Alert has been providing **the E&P industry's most up-to-date breaking news service** electronically since 1984.

A favourite with oil & gas professionals who prefer to scan a round-up of the latest industry news, the Daily Exploration Alert provides an easy-to-use online service plus e-mail alerts and RSS feeds.

Coverage includes:

- Oil Pricing (+ weekly summary)

Plus summaries of:

- Acreage Offers
- Petroleum Rights
- Exploration Drilling
- Field Development
- Production and Reserves

Upstream Alert (Mobile App)

E&P Breaking News on your mobile - Our new, complimentary add-on service for Daily Exploration Alert subscribers alerts you to the latest updates, plus:

- View historical DEA content going back 12 months
- Download articles to read offline later
- Stay up-to-date on Oil Price movements and trends

GEPS Maps

Visualise accurate, up-to-date E&P activity by region, country, and activity hotspots such as basins.

With **more than 550 full-colour GEPS maps** available via your GEPS subscription, you can easily:

- Visualise wells, fields, contracts, pipelines
- Select workflow-applicable maps by scale and level of detail
- View maps in hardcopy or PDF format

Access to our Experts

More than just a website – an Upstream Intelligence subscription also provides you with **direct access to our team of GEPS Experts**, who will draw on their cross-industry knowledge, connections and experience to answer your queries and provide further information.

Key Differentiators
