

TECHNOLOGY INTELLIGENCE SERVICE

LED

Complete source of market intelligence for LEDs across the value chain

Real time access to a continuous flow of research across geographies, topics and application areas:

FEATURED TOPICS

- Packaged LED market size – most accurate data in the industry
- Packaged LED supplier rankings and shares quarterly and annually
- MOCVD, wafer and die market sizes
- Infrared and ultraviolet LEDs

Market Insights

Frequent analyst commentary on product launches, market news and analysis.

Market Tracker

Historic and forecasted data, delivered in Excel.

Market Briefs

Studies addressing key trends delivered throughout the year.

Report

Annual topical report addressing key focus areas with in-depth analysis on market and technology trends.

Analyst Access

For prompt responses to urgent and unique questions.

Clients of this Intelligence Service will receive:

Quarterly LED Supply & Demand Market Tracker – offers quarterly and annual data on LED supply, demand by application, MOCVD shipments and share, LED and MOCVD supply/demand; updated quarterly. Sample is available on request.

Packaged LEDs report – presents the total packaged LED market size in terms of revenues, units and ASP; split by application, region and LED type; market shares of the largest suppliers by type, region and application are also included as well as an excel file with historical data.

Available upon request – Sample pages showing the report's tables without data.

Market briefs – Usually 2 market briefs are provided per annual subscription. 2019 market brief topics are yet to be decided.

2018 market briefs were infrared LEDs and ultraviolet LEDs.

Past report topics in previous years included: LED ecosystem, GaNon-Silicon, LED substrates, lighting, mobile phones, infrared LEDs, LED modules and light engines, micro LEDs, LEDs in horticulture. Past reports from previous years are available to subscribers.
