

IHS MARKIT TECHNOLOGY INTELLIGENCE SERVICE

Motion Control - Annual

Comprehensive tracking, analysis and forecasts on the motion controls market.

COVERAGE

- 8 motion control product types
- 20 industry sectors
- 5-year Forecast
- Revenues
- Shipments
- ASPs
- Market shares
- Key trend analysis

Flagship Product

Comprehensive report and accompanying database, updated once per service year.

Analyst Insights

Client-exclusive commentary on developments throughout the year.

Market Briefs

Studies addressing key trends throughout the year.

Analyst Access

For prompt responses to urgent and unique questions

Clients of this service will receive:

Motion Control Report (flagship product) – Updated once per service year, this report provides detailed, up-to-date qualitative and quantitative analysis of this market. Comprehensive global, regional and country level market sizes are presented, with 5-year forecasts, allowing key opportunities to be identified. Additional segmentations include information on which application these products are used in, and the key trends affecting the motion controls market.

This report also provides regional market share tables, presented with the product-level and regional level-share tables to provide unparalleled insight.

Market Briefs – Three additional studies provide analysis throughout the year on larger industry trends and developments impacting the market. Market briefs are approximately 15-20 pages.

Analyst Insights – These blog-style entries provide exclusive commentary on industry events or other developments throughout the year.
