Clients of this service will receive:

Medium Voltage Drives Intelligence Database – Five sets of data will be provided each year. In August, IHS will publish market statistics on EMEA, Americas, Asia-Pacific, and Japan as well as consolidated global statistics.

An annual summary is also provided; a combined qualitative insight for the five sets of data (Americas, EMEA, Asia-Pacific, Japan and consolidated global statistics) into a single deliverable.

Medium Voltage Drives Report - Combined qualitative insight to accompany the five sets of data (Americas, Asia-Pacific, EMEA, Japan, and consolidated global statistics) into a single deliverable.

Reports- Three topline reports on relevant topics within the low voltage drives market will be analyzed and available in the second half, focusing on North America, Southeast Asia and power generation.
