

TECHNOLOGY INTELLIGENCE SERVICE

Video Media

Build deep understanding of the consumer & distributor-level video markets

BENEFITS

- Provides an overview of both consumer and trade level data in context with the broadmedia market
- Furnishes up-to-date revenue and shipment information on physical videomedia
- Offers a comprehensive set of accurate, continuously updated market data, both historic and forecasted.
- Breaks down retail and rental metrics for physical video for all markets
- Direct access to analysts highly experienced in the home video industry

Physical video, despite the rise of digital delivery, remains the majority source of global home entertainment spending. It is a profitable, yet challenging sector in which clear decision making can uncover and capitalize upon opportunities. Understanding the dynamics of the physical video and music industry will be necessary to stabilize or grow your foothold through clearer decision-making and strategic planning.

The Video Media Intelligence Service provides a continuous flow of research:

Reports

Reports and Presentations detailing country, company and industry level analysis.

Market Forecasts

Historic and forecast data for all games content segments and device categories, delivered in Excel and in IHS TRAX®, an online analysis tool.

Market Insights

Regular analyst commentary on industry and market news.

Analyst Access

Providing knowledge sharing and forecast outlook discussions. Prompt responses to urgent and, often, unique questions.

The **Video Media Intelligence Service** combines advanced forecasts with expert commentary to offer you the means to a comprehensive understanding of the consumer and distributor level market for physical video discs and hardware.

Used by all major Hollywood studios and the largest independent distributors, this service offers you a wealth of spending, revenue, unit sales data and forecasts, focused analyst insights on market trends and events, and highly relevant, expert reports on the business landscape surrounding physical video media, household video players & recorders, and music. Additionally, in order to grow and customize your perspectives on the market, you'll gain direct access to a team of analysts with industry experience dating from the beginning of the home video era.
