**PUT CSI IN YOUR MIX**
Founded almost 35 years ago, Charkit Chemical Corporation continues to grow while remaining a reliable source of specialty chemicals and services to markets such as:

- Personal Care
- Metal treatment
- Water treatment
- Nutritional
- Flavor & Fragrance
- Pharmaceutical
- Agriculture
- Electronics
- Imaging/Photographic
- Food
- Aroma
- Industrial
- Power Generation

Some of our services include product development, manufacturing, and distribution solutions. Through our affiliates, Optima Chemical and Optima Belle, we offer custom synthesis, contract and toll manufacturing, process development, as well as advanced intermediates to the pharmaceutical and agricultural industries worldwide.

Whether you are looking for a world-class distributor, or the perfect ingredients for your product, Charkit is eager to be the partner you need to help your business grow.

Contact us today to learn how we can help you.

Oleochemcals:
- Fatty Acids, Fatty Alcohols
Surfactants:
- Alky PolyGlycosides, Cationic, LABSA, MEE, MES, SLES
- Carboxomers: Powder-Liquid-Pharma Grade
- NonylPhenol Replacement: Elotant ND
Food / Feed / Nutrition:
- Citric Acid USP, DL-Malic, Glycine USP, L-Lysine, Magnesium /Calcium Stearates (Food-Pharma), MC AcidPhosphates & TC Phosphates (Food Grade), Potassium Sorbate, Sodium Citrate, Sodium Saccharin, Sorbic Acid FCC, Sweeteners: Sucralose
Water Treatment:
- Flocculants/Coagulant, Potassium Permanganate NSF & Sodium Permanganate NSF
Industrial:
- Anti-Pollution, Anti-Graffit Additives, Benzoic-Acid, Benzyl Alcohol, Flame Retardants, Glycerine (USP-Kosher), Haptic Modifiers (Suade/Soft Touch Additives), HP-Heptane Pure Grade, Maleic Anhydride, Melamine, Melamine Foam, Phenol, Polycarbonate Dio/PTMEG, Polyvinyl Alcohol, PVDC Latex, Sodium Benzoate, Solution Vinyl Resins
ORGANIC SYNTHESIS FOLLOWING NATURE'S LEAD

"Designer" Surfactants

Use of nonionic "designer" surfactants to form nanomicelles, in water at room temperature.

Green Technology

New technology will critically diminish the energy and resources needed for reactions, reduce associated cost.

Sustainable Chemistry

Improve yields and process performances, and substantially decrease the environmental footprint.

For more information about this technology or to purchase the surfactant, please contact Dana Vestal at PHT International, Inc. at dvestal@phtchemical.com or 704-246-3480.
