

EDM Base

Powering Data Exploration

Increase productivity with enterprise-wide access to IHS Markit North America Energy data subscriptions via EDM Base – the purpose built software solution for Energy data access and analysis.

EDM Base provides direct access to IHS Markit's North American data with integrated geospatial and business intelligence capabilities to support data visualization and analysis needs. Access data using EDM Base's web-based user interface or easily integrate IHS Markit data into other systems or workflows with direct access to the content in a Microsoft SQL Server database.

Automated daily data updates monitored by IHS Markit guarantee you are always accessing the most current data available with any changes to the data clearly highlighted to users.

Data integration capabilities include automated functionality to create and update user-defined SQL Views, AOI data lists, and custom Spatial Layers.

EDM Base offers an upgrade path to Enterprise Data Management (EDM) which allows IHS Markit, proprietary, and third party data to be managed centrally with a suite of advanced data quality, aggregation and workflow tools.

EDM Base is built on our EDM platform used by more than 200 of the largest financial companies in the world.

Ready-to-use solution

- Out-of-the-box Tibco[®] Spotfire[®], Microsoft PowerBI, and ESRI ArcGIS[™] templates so you are productive immediately
- Designed to work with Esri Enterprise GIS to provide a rich mapping experience
- Microsoft Active Directory integration allows control of user access and rights and rights

BENEFITS:

- Increase efficiency with fast access to IHS Markit data
- Reduce dependency on developers, web services and time-consuming data exports
- Utilize existing Business Intelligence (BI) tools for complex analysis
- Provide access to unlimited users within your organization
- Proven technology, underpinned by more than 250 staff globally

Quickly analyze IHS Markit data via common business intelligence and spatial applications

EDM Base Web Map interface

Easy access to Spotfire templates

Datasets currently available in EDM Base includes:

- North American Well & Production Data
- Interpretation Ready North American Well & Production Data by Performance Evaluator
- U.S. Rig Activity History
- U.S. Production Summary
- U.S. PRODFit Data interpreted tops database
