

IHS Markit™

Global Chlor-Alkali

The global chlor-alkali market is complex. You need to make informed decisions. IHS Markit provides you with the most comprehensive in-depth analysis and insight available in the market.

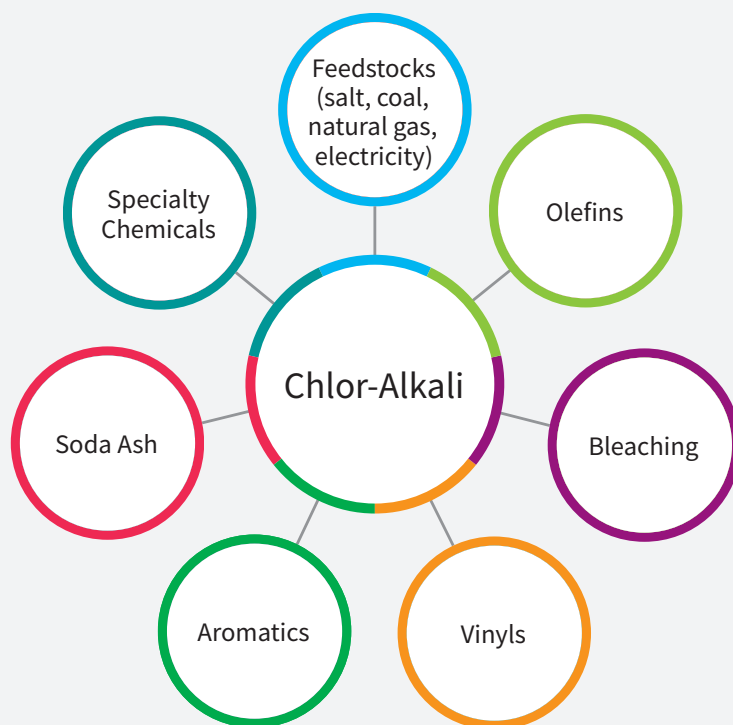

How IHS Markit's Global Chlor-Alkali helps you

IHS Markit has robust models that are time tested and integrated from the feedstock to the derivatives. Our team has the experience and expertise necessary to deliver reliable and unbiased in-depth analysis, not just market reporting.

Our global market advisory service equips clients with historical and forecast pricing, as well as deep analysis of supply/demand, trade flows, margins, production economics, and cost drivers, from upstream feedstocks to downstream applications. It is the preferred service for companies along the integrated chlor-alkali value chain.

Chlor-alkali integrated value chain relationships

IHS Markit provides extensive data covering the entire chlor-alkali value chain. Accelerate your work with our intuitive customizable platform where you can manipulate our data set to model different scenarios. As a client, you gain access to our highly experienced industry experts for market advice related to the global chlor-alkali markets.

Global Chlor-Alkali

World Analysis - Long Term

Chlor-Alkali

- Chlorine
- Caustic Soda

Vinyls

- Ethylene Dichloride
- Vinyl Chloride Monomer
- PVC Resins

Others Available:

Soda Ash
MDI
TDI

Market Advisory Service - Near Term

Global Chlor-Alkali

China Chlor-Alkali/PVC-English
China Chlor-Alkali/PVC - Chinese

Others Available:

Global Vinyls
Global Soda Ash
Global Bleaching Chemicals

Chemical Economic Handbook - Long Term

Chlorine/Sodium Hydroxide
Polyvinyl Chloride Resins
Vinyl Chloride Monomer
Ethylene Dichloride

Market Advisory Service Key Features:

Monthly Market Summary

The summary provides extensive market information for standard chlor-alkali product categories including chlorine, caustic soda, HCl, KOH, and sodium sulfate. The report delivers analysis on downstream uses, such as vinyls, chlorine derivatives and the alumina and pulp & paper industries. It includes historical, current and forecasted prices for caustic soda, chlorine and HCl.

Market Statistics Update

The update contains operating schedules, near-term supply/demand trends and trade figures.

World Analysis Key Features:

- Real time global capacity database
- Supply Demand database updated bi-annually
- Detailed country-level trade grids updated bi-annually
- 10 year forecasts for price, cost and margin updated quarterly
- Upside and downside sensitivities

Chemical Economics Handbook Key Features:

- Supply and demand - market size, end-use applications, consumption trends, and competing materials
- Manufacturing processes - commercial processes and basic chemistry
- Trade -import/export data, countries of origin and destination, and shipment values
- Price - histories, unit sales volumes, and factors affecting prices
