

## Global IT E-Waste Drive & Donations

**Date:** 2012-2016

**Offices:** Global

As part of our sustainability policy, IHS Markit encourages the reduction of waste and the use of recycling. This includes hosting office e-waste drives for employees & building occupants. Since 2012, we have diverted more than 20 metric tons of electronic waste.

We also donate and repurpose older technology equipment as a primary step in the end-of-e-waste lifecycle; and when this is not possible, we promote proper e-waste disposal & avoiding landfill disposal. Since 2012, we have donated more than 700 pieces of IT equipment (laptops, monitors, printers) to charity.

Recipients include:

- **Bala Ustav (India)**
- **Centre for Support and Social Integration (Brazil)**
- **Dubai Center for Special Needs (United Arab Emirates)**
- **Fundacja Nasza Ziemia (Poland)**
- **Goodwill (United States)**
- **Houston Independent School District (United States)**
- **Juvenile Diabetes Research Foundation (United States)**
- **One Billion Literates Foundation (India)**
- **Red Cross (France)**
- **Shining India (India)**

Since 2012, we have donated more than 700 pieces of IT equipment (laptops, monitors, printers) to charity and diverted more than 20 metrics of colleague-owned e-waste.
