

What IHS Markit Geoscience Solution do I Need?

Geologists and Engineers

I need...	We Recommend...
A standalone geological interpretation tool	Petra®
A robust and enterprise geological interpretation tool	Kingdom® Geology
To integrate seismic and geology	Kingdom Geoscience or Kingdom Unconventional
To integrate seismic and geology with access to advanced geophysics and synthetics	Kingdom Geoscience
To integrate seismic and geology, but I do not need synthetics or attributes	Kingdom Interpreter
A solution for complex structural, deep water or international play with advanced geophysics	Kingdom SME

Geophysicists

I need...	We Recommend...
A standalone geophysical tool	Kingdom Geophysics
Standalone synthetics	GeoSyn™
Geophysics with 1D/2D synthetics AVO and Attributes	Kingdom Geophysics
Geophysics with no synthetics	Kingdom Geophysics Express
Geophysics with 1D synthetics only	Kingdom Geophysics Express+
Geophysics with AVO and RSA	Kingdom Geophysics
Geophysics with AVO and RSA, and Inversion	Kingdom Geophysics
Geophysics with geosteering capability, integrate mapping, production or geology	Kingdom Unconventional
Geophysics with geosteering capability, integrate mapping, production or geology, as well as work with seismic attributes or AVO	Kingdom Geoscience
Advanced geophysical tools for plays with complex velocities or complex structure and need best time depth tools/inversion tools	Kingdom SME

Geoscience Bundles - All the technology you need at one low price

	2d/3dPAK	EarthPAK	VuPAK	AVOPAK	Rock Solid	1D Synthetics (GeoSyn 1D)	2D Seismic Petrophysics (GeoSyn 1D)	Geosteering	Microseismic	VelPAK	Inversion	Petra
Kingdom Geoscience	X	X	X	X	X	X	X	X	X			
SME	X	X	X	X	X	X	X	X	X	X	X	
Unconventional	X	X	X			X		X	X			
Interpreter	X	X	X					X	X			
Kingdom Geophysics	X		X			X	X		X			
Express+	X		X			X			X			
Express	X		X						X			
+ AVO & RSA				X	X							
+ AVO, Attribute & Inversion				X	X						X	
Kingdom Geology		X	X					X				
Petra Geology												X

Individual modules can be also added to existing bundles.
