

Getting Started on the Maritime Portal

maritime.ihs.com
powered by Sea-web & AISLive

Dear Valued Customer

IMPORTANT NOTICE

WWW.SEA-WEB.COM IS CLOSING

Your Sea-web™ service will be accessible via the Maritime Portal

The **Maritime Portal** integrates market leading solutions, AISLive and Sea-web™ providing both comprehensive ship characteristic data with live and historical ship movement information.

The portal has been developed to combine our ship data, movements data, ports data and maritime news and insight. Your valued and continued feedback has helped drive developments. We are committed to continue investing into developing integrated services to deliver greater value to you, our customers.

For best performance please use latest versions of: Chrome, Firefox or Safari.

We hope you find this document informative and enjoy using the new portal. Please move over immediately.

IHS Maritime & Trade, Product Management Team

Tailored customer training available on request

A dedicated customer trainer is available to deliver training to you and your teams. Make sure you are up to speed with the latest features and enhancements we have made to the Sea-web areas on the Maritime Portal.

Get the most out your subscription by taking advantage of this free service:-

- Learn about features/functions that can improve your workflows
- Be aware of new features as they are released
- Product Tips & Tricks
- Get your questions answered

Please contact us to discuss your company training needs at:-

training.requests@ihsmarkit.com

Introducing the Maritime Portal

Integrated maritime content now accessible in one solution

Welcome to the online solution which connects data from our two flagship products, **Sea-web™** and **AISLive**

Providing customers with:

- Integrated products and business intelligence tools
- Actionable maritime data: *access ship positions with comprehensive ship, ownership and port information*
- Improved customer workflows
- A single customer log-in
- A consistent user experience and site navigation
- Access to other areas on the portal (AISLive, Forecast reports)are subject to subscription levels.

What content is available in the portal?

Market leading maritime intelligence tools for identifying sales leads, undertaking market research and increasing operational efficiency

IHS Maritime & Trade's connected service provides subscription levels to suit every individual and organization and provides customers with access to the most complete, reliable and accurate maritime information available – anywhere.

Sea-web:

Search the world's largest maritime databases

- 200,000+ ships with 7 levels of ownership
- Accurate and timely ship characteristic data
- Insight into 15,500+ ports and terminals
- Latest port callings
- Security, port and country risk information
- Casualty incidents
- Ship Performance: benchmarking & analysis
- Vessel fixtures history
- Port disbursements
- Company credit reports

AISLive:

Visually track live satellite & terrestrial AIS ship movements

AISLive's multiple layered online mapping tool with unrivalled filtering options and real time intelligence:

- 169 ship type filters
- 190+ data filters
- 10 year track history
- 2,500+ key ports covered
- Verified ship/port data
- Alerting services for ships of interest
- Zone/area monitoring
- 5 day weather forecast
- Distance tables

Forecasts:

Fleet Capacity Forecast

Understand the future supply and demand of the global fleet. Get strategic investment and competitive intelligence beyond the order book.

Freight Rate Forecast

Visualize short-term (monthly) and medium-term (5-year) freight rates. Designed to support market investment decisions and deliver competitive intelligence

FAQ

- **Why have we integrated the sites?**

In response to customer feedback for more closely integrated ship and movement data and to provide a single point of entry for all Maritime content

- **What is my username and password?**

Your username is the account registered email address. For assistance with username and password queries please [contact us](#)

- **Why can't I access all areas of the portal?**

Access to content areas are restricted based on subscription levels.
If you require access to an area please contact us for pricing/evaluation

- **Can I trial other areas of the portal?**

Yes – Our Customer Support Team can set up trials for existing and new clients to evaluate services

Sea-web – Menu/Navigation Options

A secondary menu provides additional quick navigation links and actions that dynamically display when available

The screenshot displays the IHS Maritime & Trade Sea-web Ships interface. The top navigation bar includes a 'MENU' dropdown, 'IHS Maritime & Trade', 'Sea-web Ships', and links for 'My Home', 'English', 'Help', 'Log Out', and the IHS logo. Below the navigation bar, a search bar is visible with a 'Quick Search' button. The main content area shows '3 of 124 results' and a 'Ship Detail' section for the ship 'EAST AMBITION' (LR/IMO No. 9187954, Bulk Carrier, 17,852 Gross, 28,378 Net, 2000 In Service/Commission). A secondary menu is open, showing various navigation options categorized under 'Sea-web', 'SHIPS', 'COMPANIES', 'INSIGHT', 'MOVEMENTS', 'BUILDERS', 'PORTS', 'CASUALTY', 'SHIP PERFORMANCE', 'COUNTRIES', 'FIXTURES', 'DIRECTORY', 'SECURITY', 'MY SHIPS Watchlist', and 'MY COMPANIES - Watchlist'. A callout box points to the 'MENU' dropdown, stating: 'You can also navigate via the main drop down menu to: Search areas, Refine a search*, Last results list viewed*, Last detail viewed*'. Another callout box points to the 'AIS Live View' button, stating: '*remembered only after viewing and within a users session'.

Maritime Portal – Product Updates in 2016

P&I Search for Ships

- Search for ships by registered P&I Club
- Add P&I to your fields to display options

The screenshot shows the IHS Maritime & Trade Sea-web Ships interface. The top navigation bar includes a MENU, IHS Maritime & Trade, Sea-web Ships, My Home, English, Help, and Log Out. Below the navigation bar is a Quick Search and Refine Ship Search section. The main search area is titled Ship Search and includes fields for Ship Name, LR/IMO Ship Number, Current Class, Flag, Port of Registry, and MMSI Number. A dropdown menu for P&I Club is open, showing a list of insurance companies, with American Club, The selected. A green box highlights the P&I Club dropdown. A green line points from the dropdown to a text box that says "Select P&I Club from drop down and click Search Ships". Another green box highlights the Display Fields section, which is titled "Fields to Display: Choose up to 12 fields". The Display Fields section has a "Fields to Display filter" and a list of available fields, including P and I Club, which is highlighted. A green box also highlights the "P and I Club" field in the "Selected" list on the right.

Select P&I Club from drop down and click Search Ships

Note:
If you want the P&I field output in your results ensure you add it in Display fields before searching

Inspections Search
