

IHS MARITIME & TRADE

Ports & Terminals Guide 2017 - 2018

Can you really afford not to have the latest ports and terminals information? We provide the most cost effective, accurate and comprehensive ports data giving you a competitive advantage.

Our Expertise:

IHS has over 8,000 staff globally with over 150 offices. IHS Maritime & Trade has 14 dedicated port data experts with a combined 100 years plus of maritime and ports expertise. Our IHS Maritime & Trade data team has over 547 years of combined maritime data, editorial and publishing knowledge and experience, with a total of 50 spoken and written languages.

Our Quality Data & Sources:

Only IHS has the world's largest maritime database, an information gathering heritage spanning over 250 years including comprehensive information on all vessels of 100 GT and over. We are the SOLE originating source for assigning the IMO Ship and company numbers, guaranteeing an unmatched accuracy and depth of coverage for vessel characteristics and the global newbuilding orderbook.

Our extensive port database coupled with excellent relationships with port and maritime representatives is the foundation which enables us to provide you with the most comprehensive port directory.

Ports & Terminals Guide 2017 - 2018:

The 2017 – 2018 Ports & Terminals Guide has 16,617 ports and terminals included in one place for your convenience. This one-stop shop saves time and money compared to having to purchase multiple products at higher prices.

What's New:

- NOW covers 6,069 ports, 10,548 terminals, giving you over 16,500 ports and terminals
- 3,600 port plans with updates to over 1,700 plans since the last edition of the Ports & Terminals Guide
- 25,000 port service providers
- Geo-referencing of over 27,200 berths in over 2,470 world ports, with the CD-ROM having Google Earth capabilities to port area or individual berths. No one can match this level of expertise and critical data to assist with your navigational requirements, saving you on costs in case the details were inaccurate
- Pre-Arrival documents that will save you time for entry in each and every port. Potentially these documents could save ships 30 minutes to 1 hour for each and every port the ship calls into, covering more than the cost of one Ports & Terminals Guide
- This subscription package includes both the updated 4 volume printed set and CD-ROM version. If you prefer the CD-ROM, it can be purchased on its own

Updates to the CD-ROM Include

- Over 90 new ports and 480 new terminals
- 5,953 updated terminals
- 1,040 new tanker berths with over 3,780 tanker berths updated
- 6,850 new dry cargo berths with over 13,700 dry cargo berths updated
- 424 new multipurpose berths (tanker & dry cargo) with over 1,095 multipurpose berths updated
- 1,700 port plan updates
- Geo-referencing of over 27,200 berths in over 2,470 world ports, with the CD-ROM having Google Earth capabilities to port area or individual berths

CD-ROM Features

- Search/Advanced search: Advanced search for harbour and offshore max vessel sizes, traffic figures and berths & terminals by name/ID or cargo type
- MARPOL facilities: Detailing the Marpol facilities available at the port
- Cargo handled and connections: Detailing the cargo handled at the specific berth
- Berth equipment: for dry berths only; detailing the cranes, SWL, No of Grabs etc. that are available for the specific berth
