

## iBoxx<sup>®</sup> ALBI

The iBoxx Asian Local Bond Indices (“iBoxx ALBI”) is designed to reflect the performance of local currency bonds from 11 Asian local currency bond markets.

The index offers a broad coverage of the universe of internationally accessible bonds from China’s on- and offshore markets, Hong Kong, India, Indonesia, Korea, Malaysia, Philippines, Singapore, Taiwan and Thailand, whilst upholding minimum standards of investability and liquidity. The index currently comprises more than 1,300 bonds from 200+ issuers.

The index is part of the global iBoxx index families, fueled by multi-source pricing. iBoxx indices offer representative and objective benchmarks for assessing the performance of bond markets and investments.

### Transparency

Publicly available documentation on our rules-based methodology for constituent selection, monthly rebalancing and daily total return calculations.

### Multi-dimensional analysis

Wide range of analytical values is published to support risk, performance measurement and attribution analysis.

### Flexibility

Ability to customize and deliver standard indices to meet specific investment criteria.

### Depth of Data

History of index returns available and wealth of analytics data published to support index analysis.

### Independence

Multi-source and independent pricing and reference data used subject to rigorous quality testing with a fully documented price challenge process. IHS Markit is committed to administering all financial benchmarks in compliance with IOSCO principles and is an authorized benchmark administrator under the European Benchmark Regulation (BMR).
