

# OHSIS

The Occupational Health &  
Safety Information Service

With ever-changing legislation and regulated environments, you need to keep up to date at all times in order to comply with regulatory demands. The Occupational Health and Safety Information Service from IHS Markit focuses on supplying health, safety and environment professionals with an established and authoritative online information source you know you can trust.

---

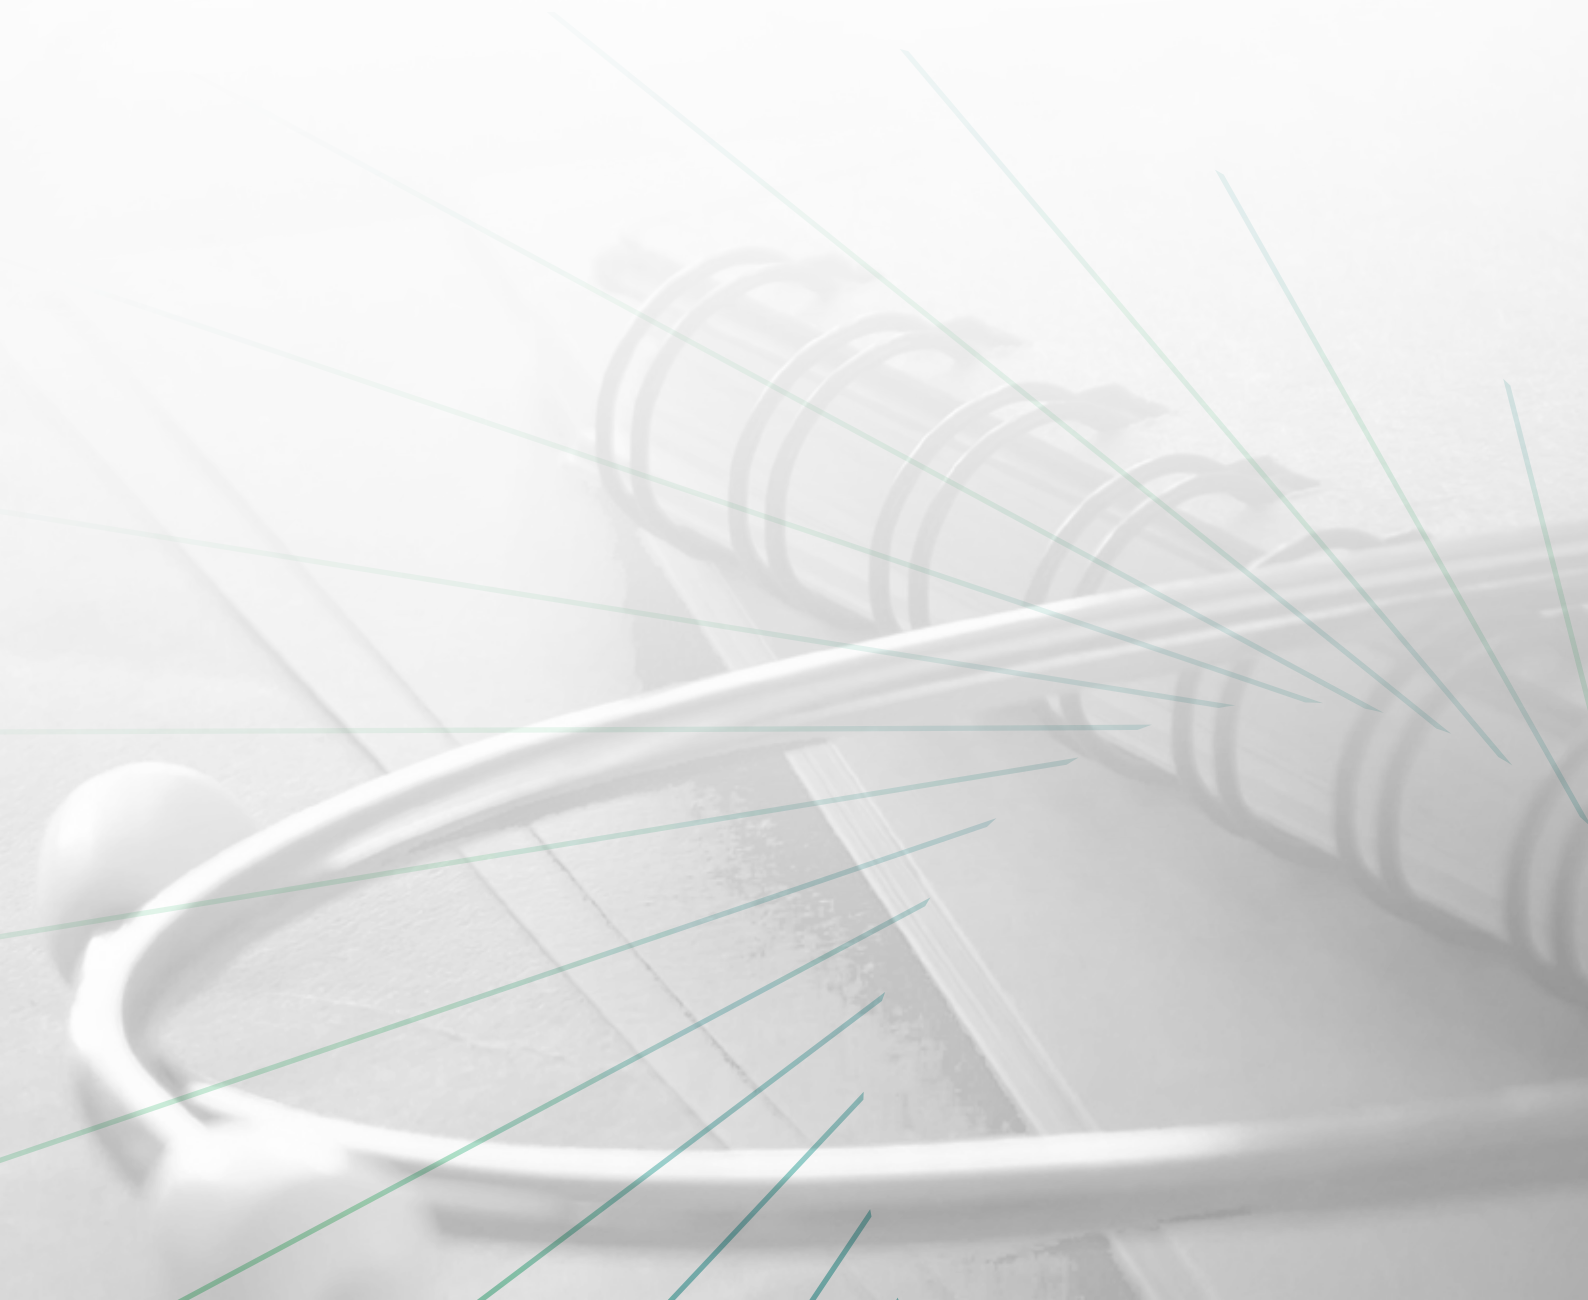

The Occupational Health & Safety Information Service is the only comprehensive online service with daily updates. Searching across all supplements within the Occupational Health & Safety Information Service, you can find and access accurate and current documents covering legislation, regulations, guidance, standards, including BSI and best practice for areas such as Food & Drink Safety, Environmental Health, Environmental Management, Fire Safety and Offshore Safety.

## Our Experience – Your Advantage

IHS Markit is a leading provider of critical technical information, decision-support tools, and related services to customers in the energy, defence, aerospace, occupational health and safety, construction, electronics, and automotive industries. We have developed a comprehensive collection of technical information that is highly relevant to the industries we serve. Our decision-support tools enable our customers to quickly and easily search and analyse this information and integrate it into their work flows.

# Access to a Wealth of Information

As health, safety and environmental management professionals, you can trust The Occupational Health & Safety Information Service to deliver the information you require. The Service is designed to supply your organisation with the information needed to comply with regulatory demands, and helps you focus on protecting the people in your business. All solutions are backed by excellent customer support.

## Practical, Flexible & Comprehensive – All The Benefits

### Health & Safety Made Easy (with Toolbox Talks)

Easy to understand summaries on key subject areas, compliance checklists and Toolbox Talk slides which you can use in presentations to your colleagues.

### Legislation Watch

A tracker which shows when UK and Irish legislation comes into force.

### Case Law Abstracts

Summaries of key cases.

### Comprehensive Content

Making the product more flexible, there is the option to have subject-specific British Standard Supplements. There is also an Irish supplement available in addition to the Irish Health & Safety Information Service.

### Daily Document Alert

This daily service guarantees you have the latest information. The Occupational Health & Safety Information Service is updated daily, ensuring an immediate delivery of documents direct to your desktop.

### Powerful, Quick and Intuitive Search Engine

The Occupational Health and Safety Information Service has sophisticated searching software that will allow you to get straight to the information you need as quickly and easily as possible. The functionality allows all documents to be searched across a number of fields including: title, text, publisher, document number, ISBN and publication date.

### Email alerts

Receive automatic email alerts when new content is added by a particular organisation for your chosen area of interest.

### High Quality Documents

Presented in true PDF to enable a rapid file download and faster desktop processing for ease of use.

### Improve Productivity with Zero Maintenance

Unlike hardcopy or CD, there is no need to amend and update files. New documents are automatically added for your convenience.

### Favourites

Enables you to organise and store your favourite documents. Favourites provides you with the ability to build and manage custom folders with document links for quick access to frequently used or popular documents.

### Customer Support

Customer Support is available to all users as part of their subscription. Customer support provides expert assistance with unusual or difficult searches and advice on software installation, networking and general technical questions.

### Installation

Our team of experts will be available to advise you on installing your system and help you to ensure that it is functioning perfectly. Continuing user support for any functional difficulties is included as part of the service.

### Multiple Users

Multiple users can quickly access The Occupational Health and Safety Information Service direct from their desktop. Just ask your account manager for further details.

### Training

To help you make better decisions, work more effectively and improve profitability we can provide product training. The training is CPD certified and will help you and your users operate effectively and efficiently. Just ask your account manager for further details.

### Documents on Demand

Hardcopy documents can also be obtained from IHS Markit. Over a million pages of documents are available for dispatch to you the day you phone, fax or email your request. Other documents can usually be dispatched within 2-3 days. To place your order today phone 01344 328039, fax: 01344 328005 or email: [emeastore@ihs.com](mailto:emeastore@ihs.com).
