The 2019 – 2020 Ports & Terminals Guide has 19,200 ports and terminals included in one place for your convenience. This one-stop shop saves time and money compared to having to purchase multiple products at higher prices.

Our Expertise:

IHS Markit has over 13,000 staff globally with over 150 offices. Maritime & Trade has 12 dedicated port data experts with a combined 100 years plus of maritime and ports expertise. Our Maritime & Trade data team has over 547 years of combined maritime data, editorial and publishing knowledge and experience, with a total of 50 spoken and written languages.

Our Quality Data & Sources:

Only IHS Markit has the world's largest maritime database, an information gathering heritage spanning over 250 years including comprehensive information on all vessels of 100 GT and over. We are the SOLE originating source for assigning the IMO Ship and company numbers, guaranteeing an unmatched accuracy and depth of coverage for vessel characteristics and the global newbuilding orderbook. Our extensive port database coupled with excellent relationships with port and maritime representatives is the foundation which enables us to provide you with the most comprehensive port directory.
CD-ROM Features:

– Search/Advanced search: Advanced search for harbour and offshore max vessel sizes, traffic figures and berths & terminals by name/ID or cargo type

– MARPOL facilities: Detailing the Marpol facilities available at the port

– Cargo handled and connections: Detailing the cargo handled at the specific berth

– Berth equipment: for dry berths only; detailing the cranes, SWL, No of Grabs etc. that are available for the specific berth
