The iBoxx USD Liquid Investment Grade Top 30 Index consists of 30 bonds from the 30 largest issuers of USD-denominated investment grade corporate debt.

The iBoxx USD Liquid Investment Grade Top 30 Index is constructed as a subset of the broader USD corporate bond index, reflecting the performance of the most liquid USD denominated investment grade corporate debt. The index has been designed to provide a suitable basis for tradable products including Exchange Traded Funds (ETFs).

The iBoxx USD Liquid Investment Grade Top 30 Index is rebalanced quarterly following the close of the market on the last calendar day of February, May, August and November each year and consists of investment grade USD denominated bonds issued by corporate issuers from developed countries. The index is an integral part of the global Markit iBoxx index families, which provide the marketplace with accurate and objective benchmarks by which to assess the performance of bond markets and investments.
