IHS INC.
PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of IHS Inc., a Delaware corporation ("IHS"), of proxies to be used at the 2006 Annual Meeting of Stockholders to be held at The Inverness Hotel, 200 Inverness Drive West, Englewood, Colorado 80112, at 10:00 a.m. Mountain Daylight Time, on Wednesday, April 26, 2006, and any adjournments or postponements thereof. This Proxy Statement and the accompanying form of Proxy Card are being first sent to stockholders on or about March 27, 2006.

Appointment of Proxy Holders

Your Board of Directors asks you to appoint Charles Picasso, Michael Sullivan, and Stephen Green as your proxy holders to vote your shares at the 2006 Annual Meeting of Stockholders. You may make this appointment by voting the enclosed Proxy Card using one of the voting methods described below. If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by your Board.

Unless you otherwise indicate on the Proxy Card, you also authorize your proxy holders to vote your shares on any matters not known by your Board at the time this Proxy Statement was printed and that, under our Bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on March 17, 2006—the record date for the Annual Meeting—can vote at the Annual Meeting.

Each holder of our Class A common stock is entitled to **one** vote for each share held as of March 17, 2006. As of the close of business on March 17, 2006, we had 44,757,256 shares of Class A common stock outstanding and entitled to vote.

Each holder of our Class B common stock is entitled to **ten** votes for each share held as of March 17, 2006. As of the close of business on March 17, 2006, we had 13,750,000 shares of Class B common stock outstanding and entitled to vote.

There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either in person or by mail as described below. Stockholders holding shares through a bank or broker should follow the voting instructions on the form of Proxy Card received.

Voting by Mail or Internet. You may vote by proxy by dating, signing and returning your Proxy Card in the enclosed postage-prepaid return envelope. You may also use the Internet to transmit your voting instructions. If you vote by proxy, carefully review and follow the instructions on the enclosed Proxy Card. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting at the Annual Meeting. Voting by proxy will not limit your right to vote at the Annual Meeting, if you decide to attend in person. Your Board recommends that you vote by proxy, as it is not practical for most stockholders to attend the Annual Meeting. If you hold shares through a bank or

broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to attend and vote in person at the Annual Meeting.

If you submit your proxy, but do not indicate your voting preference according to the proxy directions, the proxy holders will vote your shares **FOR** the election of the nominees for director and **FOR** the ratification of the appointment of independent registered public accountants. The named proxy holders may vote in their discretion upon such other matters as may properly come before the Annual Meeting.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

- by voting in person at the Annual Meeting;
- by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or
- by submitting another proxy—properly executed and delivered—of a later date, but prior to the Annual Meeting.

Required Vote

Directors are elected by a plurality vote, which means that the three nominees receiving the most affirmative votes will be elected. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of March 17, 2006, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter, which will have the same effect as a vote against such matter.

If a broker indicates on the enclosed Proxy Card or its substitute that such broker does not have discretionary authority to vote on a particular matter (known as "broker non-votes"), those shares will be considered as present for purposes of determining the presence of a quorum but will not be treated as shares entitled to vote on that matter.

Confidentiality

It is our policy to maintain the confidentiality of all materials that identify individual shareowners except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The inspectors of election and any employees associated with processing proxy cards or ballots and tabulating the vote are required to acknowledge their responsibility to comply with this policy of confidentiality.

Solicitation of Proxies

IHS will pay the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers, and other employees by personal interview, telephone, or facsimile. No additional compensation will be paid to these persons for solicitation. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important

Please promptly vote and submit your proxy. You may sign, date, and return the enclosed Proxy Card in the postage-prepaid return envelope, or use the Internet to submit your vote. Voting by proxy will not limit your rights to attend or vote at the Annual Meeting.

PROPOSAL 1**ELECTION OF DIRECTORS****Directors and Nominees**

As of the date of this proxy statement, the Board of Directors of IHS Inc. (the "Board"), pursuant to the Bylaws of the Company, has determined that the Board be composed of nine directors divided into three classes. Directors are elected for three-year terms and one class is elected at each Annual Meeting.

Three directors are to be elected at the 2006 Annual Meeting. These directors will hold office until the Annual Meeting in 2009 or until their respective successors have been elected and qualified. Each of the nominees has consented to being named herein and to serve if elected. In the event that any of the nominees should become unavailable prior to the Annual Meeting, proxies in the enclosed form will be voted for a substitute nominee or nominees designated by the Board, or the Board, at its option, may reduce the number of directors to constitute the entire Board.

For more information about each director nominee, our continuing directors, and the operation of our Board see below under "Information About Directors."

PROPOSAL 2**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTANTS**

The Audit Committee of the Board, which is composed entirely of non-employee independent directors, has selected Ernst & Young LLP as the independent registered public accountants to audit our books, records, and accounts and our subsidiaries for the fiscal year 2006. Your Board has endorsed this appointment. Ratification of the selection of Ernst & Young LLP by stockholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to the stockholders for ratification at the Annual Meeting. If the stockholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion

may change the appointment at any time during the year if it determines that such change would be in the best interests of IHS and its stockholders.

Ernst & Young LLP previously audited our consolidated financial statements during the five fiscal years ended November 30, 2005. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Audit and Non-Audit Fees

In connection with the audit of the 2005 financial statements, IHS entered into an engagement agreement with Ernst & Young LLP that set forth the terms by which Ernst & Young LLP has performed audit services for IHS. That agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

Aggregate fees for professional services rendered for us by Ernst & Young LLP for the years ended November 30, 2005 and 2004, respectively, were as follows:

Services Provided	2005	2004
	(in thousands)	(in thousands)
Audit	\$ 2,122	\$ 1,034
Audit-related	218	110
Tax	9	9
All Other	—	—
Total	\$ 2,349	\$ 1,153

Audit Fees. Consists of fees billed for professional services rendered for the audits of our consolidated financial statements, statutory audits of our subsidiaries, reviews of our interim consolidated financial statements, and services provided in connection with statutory and regulatory filings. For 2005, audit fees also included approximately \$905,000 for professional services rendered relating to our initial public offering.

Audit-Related Fees. Consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under "Audit Fees." These services may include employee benefit plan audits, due diligence on proposed transactions, attest services that are not required by regulation or statute, and consultations regarding financial accounting or reporting standards. For 2005, audit-related fees also included approximately \$121,000 for professional services rendered relating to our acquisition of assets from i2 Technologies, Inc.

Tax Fees. Consists of tax compliance consultations, preparation of tax reports, and other tax services.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by Ernst & Young LLP and the estimated fees related to these services.

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the registered public accountant. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with SEC rules and regulations.

Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification of the appointment of Ernst & Young LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment. In the event ratification is not obtained, your Audit Committee will review its future selection of our independent registered public accountants.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF
ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS.
THE ENCLOSED PROXY CARD WILL BE SO VOTED UNLESS THE
STOCKHOLDER SPECIFIES OTHERWISE.**

Organization of the Board of Directors

The Board of Directors held seven meetings during the fiscal year ended November 30, 2005. Each director attended at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which they served. The independent directors of the Board of Directors regularly meet without the presence of management. We do not have a policy regarding directors' attendance at the Annual Meeting.

The Board of Directors has established three standing committees: the Audit Committee, the Human Resources Committee, and the Nominating and Corporate Governance Committee. We believe that all members of the Audit, Human Resources, and Nominating and Corporate Governance Committees meet the independence standards of the New York Stock Exchange and SEC rules and regulations. The Board has approved a charter for each of these committees, each of which can be found on our website at www.ihs.com.

Code of Conduct

We have adopted a Code of Business Conduct and Ethics as our "code of ethics" as defined by regulations promulgated under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. Our Code of Business Conduct and Ethics also meets the New York Stock Exchange requirements for a "code of conduct." Our Code of Business Conduct and Ethics applies to our directors, as well as all of our principal executive officers, financial and accounting officers, and all other employees of IHS. Our Code of Business Conduct and Ethics, as well as our Governance Guidelines, are available on our website at www.ihs.com and are available in print to any stockholder who requests them. We intend to post any amendments to the Corporate Governance Guidelines and our Code of Business Conduct and Ethics on our website.

Communications with the Board

The Board of Directors has a process for stockholders to send communications to directors. If you wish to communicate with the Board of Directors as a whole or to non-management directors, you may send your communication in writing to:

Stephen Green
General Counsel and Corporate Secretary
IHS Inc.
15 Inverness Way East
Englewood, Colorado 80112

OR
C. Michael Armstrong
Chairman of the Nominating and Corporate Governance
Committee
IHS Inc.
15 Inverness Way East
Englewood, Colorado 80112

You must include your name and address in the written communication and indicate whether you are a stockholder of IHS. You may address your communication to the entire Board or designate any one or more directors as the intended recipient. Messrs. Green or Armstrong will review any communication received from a stockholder. All material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Composition of Board Committees

The Board has three standing committees, with duties, current membership and number of meetings for each as shown below.

Audit Committee

15 meetings held during fiscal year 2005

Members:

Balakrishnan Iyer, *Chairman*
Roger Holtback
Richard Roedel

The Audit Committee assists our Board in its oversight of (i) the integrity of our financial statements, (ii) our independent registered public accountant's qualifications, independence, and performance, (iii) the performance of our internal audit function, and (iv) our compliance with legal and regulatory requirements. The Audit Committee is governed by a charter. A more detailed description of the functions of the Audit Committee can be found in the Audit Committee Charter, a copy of which is included as *Appendix A* at the end of this proxy statement. A copy of the charter can also be found at the Company's website *www.ihc.com*. As required by the Audit Committee Charter, all members of the Audit Committee meet the criteria for "independence" within the meaning of the standards established by the New York Stock Exchange, the Company's Corporate Governance Guidelines, and the Audit Committee Charter. Each member of the Audit Committee is financially literate and each member has accounting or related financial management expertise as required by New York Stock Exchange listing standards. In addition, the Board of Directors has determined that each member of the Audit Committee meets the definition of "audit committee financial expert" as defined in Item 401(h)(2) of Regulation S-K promulgated by the SEC.

Human Resources Committee

Nine meetings held during fiscal year 2005

Members:

Michael Armstrong, *Chairman*
Michael Klein
Stephen Denning

The Human Resources Committee has been created by our Board to (i) oversee our compensation and benefits policies generally, (ii) evaluate executive officer performance and review our management succession plan, and (iii) oversee and set compensation for our executive officers. The Human Resources Committee is governed by a charter. A more detailed description of the functions of the Human Resources Committee can be found in the Human Resources Committee Charter, a copy of which can be found at the Company's website *www.ihc.com*, and under "Report of the Human Resources Committee" in this Proxy Statement. All members of the Compensation Committee are "independent" as required by our Corporate Governance Guidelines and the Human Resources Committee Charter.

Nominating and Corporate Governance Committee

One meeting held during fiscal year 2005

Members:

Michael Armstrong, *Chairman*
Michael Klein
Stephen Denning
Roger Holtback
Balakrishnan Iyer

The Nominating and Corporate Governance Committee has been created by our Board to (i) identify individuals qualified to become board members and recommend director nominees to the

board, (ii) recommend directors for appointment to board committees, (iii) make recommendations to the board as to determinations of director independence, (iv) oversee the evaluation of the board, (v) make recommendations to the board as to compensation for our directors, and (vi) develop and recommend to the board our corporate governance guidelines and code of business conduct and ethics and oversee compliance with such guidelines and code. The Nominating and Corporate Governance Committee is governed by a charter. A more detailed description of the functions of the Nominating and Corporate Governance Committee can be found under "Director Nominations" in this Proxy Statement, and in the Nominating and Corporate Governance Committee Charter, a copy of which can be found at the Company's website www.ihc.com. All members of the Nominating and Corporate Governance Committee are "independent" as required by our Corporate Governance Guidelines and the Nominating and Corporate Governance Committee Charter.

Director Nominations

The Board of Directors nominates directors for election at each Annual Meeting of Stockholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit, and recommend qualified candidates to the Board of Directors for nomination or election.

In addition to considering an appropriate balance of knowledge, experience and capability, the Board of Directors has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives, and skills. The Nominating and Corporate Governance Committee will select candidates for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders (without regard to whether the candidate has been nominated by a stockholder). The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to IHS and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria for an "audit committee financial expert" as defined by SEC rules, and for a majority of the members of the Board to meet the definition of "independent director" under the rules of the New York Stock Exchange. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the Annual Meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for Board membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board members, by any executive search firm engaged by the Nominating and Corporate Governance Committee, or by any nomination properly submitted by a stockholder pursuant to the procedures for stockholder nominations for directors provided in "Stockholder Proposals for the 2007 Annual Meeting" in this Proxy Statement.

On December 29, 2004, each nonemployee director (other than Messrs. Klein and Staudt) who was elected to our Board on or before November 18, 2004 (i.e., all of our current nonemployee directors except Mr. Roedel) received 8,000 shares of restricted stock; each director who was elected to our Board on or after November 22, 2004 but before November 30, 2004 (i.e., Mr. Roedel) received 5,000 shares of restricted stock; and each director who was a nonemployee director as of December 1, 2004 (i.e., all of our current nonemployee directors) received 4,500 shares of restricted stock, in addition to any other shares of restricted stock he may have received under the plan.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by IHS under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving the Company's accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by the Company's independent registered public accountants and reviewing their reports regarding the Company's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by your Board of Directors. The Company's management is responsible for preparing the Company's financial statements and the independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and the independent registered public accountants.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that the Company's consolidated financial statements for fiscal year 2005 were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee has discussed with the independent registered public accountants matters required to be discussed by Statements on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the independent registered public accountants provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee and the independent registered public accountants have discussed such accountants' independence from IHS and its management, including any matters in those written disclosures. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants' independence.

The Audit Committee has discussed with internal audit and independent registered public accountants, with and without management present, their evaluations of the Company's internal accounting controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee approved the inclusion of the audited financial statements for fiscal year 2005 in the IHS Annual Report on Form 10-K for filing with the SEC.

REPORT OF THE HUMAN RESOURCES COMMITTEE

The following report of the Human Resources Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by IHS under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Role of the Human Resources Committee

The Human Resources Committee (the "Committee") is currently composed exclusively of non-employee, independent directors. The Committee reviews the compensation program for the Chief Executive Officer and other members of senior management, including the executive officers listed on the Summary Compensation Table (the named executive officers), and determines and administers their compensation. The Committee also reviews and approves the Company's compensation policies generally, including any equity-based plans. The Committee has retained an independent, nationally recognized compensation consultant to assist the Committee in fulfilling its responsibilities.

Overview

The Committee recognizes that key to the Company's business is the quality and talent of our people. The goal of our executive compensation program is to align executive compensation with shareholder interests, attract, retain and motivate highly qualified executive talent, and provide appropriate rewards for achievement of business objectives and growth in shareholder value.

The major components of compensation for executive officers are base salary, short-term performance-based incentives in the form of annual cash bonuses and long-term incentives in the form of equity grants. Each component of the executive compensation package emphasizes a different aspect of the Company's compensation philosophy. Annually, the Committee reviews quantitative and qualitative measures of corporate and individual performance in assessing compensation levels of executive officers. This review evaluates the performance of IHS both on a short- and long-term basis. The program specifically offers:

- Base pay that is competitive with relevant industry market data.
- Short-term incentive opportunity that is competitive with the market and provides an upside opportunity when actual performance exceeds goals. Performance measures under this plan should foster long-term growth, innovation, and sustained value creation.
- Long-term incentives to ensure alignment of individual performance with shareholder interests of long-term growth and achievement of the company's business objectives.

Each of these components is discussed in further detail below.

The Committee compares senior management compensation levels with those of two different comparator groups. This benchmark data is provided by the outside compensation consultant. The consultant develops competitive market references for base salary, annual incentives, and long-term incentives (including all forms of equity compensation) based on the Company's compensation philosophy. Market practices for supplemental benefits and perquisites are also documented.

The primary focus of our comparison is a group of 15 companies that represent our primary competition for executive talent (the "Peer Group").⁽¹⁾ The second group is a collection of companies from a broad range of industries with revenues similar to the Company (the "General Industry Group"). This data is utilized to provide an additional perspective on compensation as many executive positions are not specific to our industry. The data for both comparator groups is size-adjusted to match the Company's relative size versus these companies.

(1) The Peer Group for this purpose consists of the following companies: Acxiom Corporation; Arbitron Inc.; ChoicePoint Inc.; The Corporate Executive Board; The Dun & Bradstreet Corporation; Equifax Inc.; FactSet Research Systems Inc.; Fair Isaac Corporation; Gartner, Inc.; Getty Images, Inc.; John Wiley & Sons, Inc.; The McGraw-Hill Companies, Inc.; Moody's Corporation; ProQuest Company; and The Thomson Corporation.

It is the Committee's practice to target compensation levels for each executive and all executives as a group at approximately the 50th percentile of the Peer Group with some consideration for the General Industry Group. Variance around the 50th percentile will occur as the Committee considers other relevant factors such as individual and company performance, experience in position, and succession planning.

Elements of Executive Compensation

Base Salary

The Committee annually reviews and determines the base salaries of the Chairman of the Board, Chief Executive Officer (CEO), and other members of senior management. Base salaries for existing or newly hired executive officers are set by the Committee (or, in the case of the Chairman and the CEO, by the Board upon the Committee's recommendation) based on recruiting requirements (*i.e.*, market demand), competitive pay practices, individual experience and breadth of knowledge, internal equity considerations, and other objective and subjective factors. The Company's overall performance will also factor into annual base salary increases for the executive officers.

Short-Term Incentive Awards (Annual Bonuses)

Annual bonuses are tied to the Company's overall performance, as well as the performance of each executive and of his or her area of responsibility or business unit. For fiscal year 2005, the Committee set revenue and adjusted net income targets. Management sets certain financial and operational objectives for each business unit, region/country, and function that are designed to promote key company initiatives. In addition, individual performance is measured based on feedback from the CEO, Chairman, and the Board of Directors. Target bonus opportunity for the executive officers ranges from 50% to 80% of the individual's base salary.

Achievement against these goals (company, business unit, and individual) lead in 2005 to a percent achievement ranging from 0 to 150% on each of these measures. For 2005, the company attained 102.6% achievement on its revenue goals and 150% (maximum) on its adjusted net income goal.

The Committee relies heavily, but not exclusively, on the criteria mentioned. The Committee does not use a fixed formula in determining incentive awards. Instead, it exercises discretion in light of these measures and in view of its compensation objectives to determine individual incentive award amounts.

Long-Term Incentive Awards

In contrast to short-term incentive awards that are paid for prior-year accomplishments, equity grants represent incentives tied to the Company's long-term financial performance. They are intended to provide executive officers with a direct incentive to enhance shareholder value and achieve long-range financial objectives established by the Company. Equity grants are awarded by the Committee (in the case of the Chairman and the CEO, by the Board) and are primarily based on an evaluation of competitive market data, an individual executive's performance, and the anticipated contribution that the executive officer will make to the Company. During 2005, the only long-term incentives granted to our named executives were grants of performance-based restricted stock in connection with the closing of our initial public offering. These restricted shares will vest in November 2007 if the performance goals are achieved. The performance goals are based on compounded annualized growth rates for revenue and adjusted EBITDA over the performance period. The Committee believes that the achievement of these performance measures directly aligns with shareholder value creation. This design provides a strong motivation to achieve the stated performance objectives, but also provides an element of retention.

Messrs. Stead and Picasso did not receive the 2005 IPO related grants as they received grants of time-based restricted stock in December 2004. Mr. Picasso's award of 240,000 shares relates to his promotion in October 2004 as the Company's President and Chief Executive Officer and serves to create strong shareholder alignment from the outset of his tenure as CEO. Mr. Picasso's grant vests as follows: 25% after two years, 25% after three years, and 50% after four years.

The long-term incentive awards were granted under the Amended and Restated IHS Inc. 2004 Long-Term Incentive Plan.

Executive Share Retention Guidelines

The Committee believes that senior management should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of management with the Company's shareholders, the Committee has adopted share retention and ownership guidelines for senior management. Under these guidelines, certain executives are expected to retain 50% of the net after-tax shares realized under equity-based compensation awards granted after the adoption of the guidelines, until they achieve and continue to maintain a significant ownership position, expressed as a multiple of target total cash as follows:

President and Chief Executive Officer	5 times target total cash (base salary + target bonus)
Other Senior Executives	3 times target total cash (base salary + target bonus)

The forms of ownership that count towards achieving these guidelines include actual shares owned and time-based restricted stock. The Committee periodically reviews share ownership levels of those persons subject to these guidelines.

Retirement Plans and Perquisites

The Company maintains qualified defined benefit and defined contribution plans with an employer match available to all employees. The named executive officers are also eligible to participate in these plans. The Company does not have deferred compensation plans for its named executive officers. The Company does have a nonqualified defined benefit plan that only restores benefits lost under the qualified defined benefit plan due to IRS limits. The named executive officers are eligible to participate in this plan.

The Company also provides its officers with life and medical insurance, pension, compensation deferral programs, and other benefits. Overall, the Committee believes that the Company provides *de minimus* perquisites to its executive officers.

Compensation of the Chairman of the Board

The non-employee directors meet each year in executive session to evaluate the performance of the Chairman of the Board, the results of which are used to determine compensation for this position. In determining Mr. Stead's compensation, the Committee reviews the performance and appropriate external benchmarks and data for a Chairman of the Board position. Mr. Stead's base salary was set at \$400,000 for fiscal year 2005.

Mr. Stead received a bonus of \$600,000 for fiscal year 2005 performance. The bonus was based on the Committee's evaluation of his overall performance and consideration was given to the significant time and effort spent by Mr. Stead in preparing the company for its initial public offering and his strong leadership of the organization. Based on review of external data and benchmarks, the Committee approved an annual bonus at "target" of 80% of base salary for this position to be

applicable for the 2006 fiscal year. The range of payouts may vary between 0%—150% of target, depending upon the Committee's evaluation of performance.

Mr. Stead received no equity awards in fiscal 2005.

Compensation of the Chief Executive Officer

The non-employee directors meet each year in executive session to evaluate the performance of the Chief Executive Officer, the results of which are used to determine his compensation.

Based on his performance during the 2005 fiscal year, the Committee approved a 5.5% salary increase for Mr. Picasso from \$550,000 to \$580,000, effective November 1, 2005.

The Committee also awarded Mr. Picasso a \$650,000 annual incentive payment for fiscal 2005, or 147% of the target award (118% of Mr. Picasso's then base salary). The Committee's decision on Mr. Picasso's annual incentive payment was based on the Company's overall financial performance, as well as Mr. Picasso's leadership in advancing the Company's business strategy and leading the Company through its initial public offering.

Mr. Picasso's current equity ownership levels exceed five times his target total cash as described above in the Executive Share Retention Guidelines.

Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (the Code) precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless certain specific and detailed criteria are satisfied.

The Committee considers the anticipated tax treatment to the Company and the executive officers in its review and establishment of compensation programs and payments. The deductibility of some types of compensation payments can depend upon the timing of an executive's vesting or exercise of previously granted rights. Interpretations of and changes in applicable tax laws and regulations as well as other factors beyond the Committee's control also can affect deductibility of compensation. For these and other reasons, the Committee has determined that it will not necessarily seek to limit executive compensation to that deductible under Section 162(m) of the Code.

The Committee will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of the Company and its shareholders.

Conclusion

In summary, the Company believes a significant portion of an executive's compensation should be variable and performance-based so that an officer's total compensation opportunity is linked to the performance of the individual, the Company and its stock price. This structure allows the Company to administer overall compensation that rises or falls based on the Company's performance while maintaining a balance between the Company's short-term and long-term objectives.

All aspects of the Company's executive compensation are subject to change at the discretion of the Committee. The Committee will monitor the Company's executive compensation on an ongoing basis to ensure that it continues to support a performance-oriented environment and remains properly integrated with the Company's annual and long-term strategic objectives.

(3) Restricted stock awards of our Class A common stock were granted under the Amended and Restated IHS Inc. 2004 Long-Term Incentive Plan during the year ended November 30, 2005. The amounts reported in this column represent the aggregate dollar value of these awards as of the grant date. For awards granted on November 16, 2005, which was the date of the closing of our initial public offering, the fair market value per share was determined to be \$16.95, based on the average of the opening and closing prices of our Class A common stock on that date. For awards granted on December 23, 2004, which was prior to the closing of our initial public offering, the fair market value per share was determined contemporaneously by the valuation committee of our Board to be \$9.12. Restricted shares carry full voting and dividend rights, provided, however, that any cash dividends will be reinvested in dividend shares, and any such dividend shares and any stock dividends will be subject to the same restrictions as the underlying restricted shares. The table below provides

information for each named executive officer as to the date of grant of each award, the total number of shares granted, the number of shares that were unvested as of November 30, 2005 and the aggregate fair market value of such unvested shares:

Stock Option/SAR Grants in Last Year

No stock options or stock appreciation rights were granted in the year ended November 30, 2005.

Aggregated Option and SAR Exercises in Last Year and Year-End Option Values

No stock options or stock appreciation rights were exercised during the year ended November 30, 2005.

On November 22, 2004, IHS Group Inc. offered to exchange all outstanding stock options to purchase shares of its Class A non-voting common stock that were granted to senior executives under IHS Group Inc.'s 1998 and 2002 non-qualified stock option plans and IHS Group Inc. shares previously acquired upon the exercise of such options. Our senior executives who were offered this opportunity include our named executive officers Messrs. Picasso, Stead, Mobed, and Sullivan. The senior executives who accepted this offer received:

- cash in the amount equal to the excess of \$9.42 over the per share exercise price option for every IHS Group Inc. share underlying his or her outstanding option, vested or unvested, with an exercise price lower than \$9.42 per share;
- \$9.42 in cash for every IHS Group Inc. share he or she previously acquired, upon the exercise of an option, and currently owns (which amount, to the extent applicable, was first applied to the repayment of the principal price of his or her loan in connection with his or her prior option exercise);
- an additional \$0.42 in cash for every IHS Group Inc. share he or she previously acquired and surrendered in order to satisfy his or her payroll tax withholding in connection with his or her prior exercise of an option; and
- one restricted share of our Class A common stock for every three IHS Group Inc. shares underlying his or her outstanding options (or previously acquired upon the exercise of an option), regardless of whether such options were vested or unvested and regardless of their exercise price.

An accepting senior executive was required to tender all of his or her outstanding options for the full number of IHS Group Inc. shares subject to those options and if he or she held any IHS Group Inc. shares previously acquired upon the exercise of an option, all of those IHS Group Inc. shares, on or before the expiration of the offer, which was December 23, 2004. Messrs. Picasso, Stead, Mobed, and Sullivan accepted this offer. The cash that each of them received is included in the "All Other Compensation" column of our summary compensation table above, and the restricted stock that each of them received is included in the "Restricted Stock Awards" column of our summary compensation column above.

Long-Term Incentive Plan Awards

No awards under any long-term incentive plan (as this term is used by the SEC) were granted in the year ended November 30, 2005.

Pension Plans

The following table sets forth the estimated aggregate annual retirement benefits for representative years of service and average final compensation payable under the IHS Retirement Income Plan and IHS Supplemental Income Plan as in effect during the plan year 2005. Under the Internal Revenue Code, the maximum permissible benefit from the retirement income plan, which is a qualified pension plan, for retirement in 2005 was \$170,000, and annual compensation exceeding \$210,000 in 2005 could not be considered in computing the maximum permissible benefit under the retirement income plan. The supplemental income plan, which is a non-qualified pension plan, pays benefits in excess of Internal Revenue Code maximums to all participants of the retirement income plan.

The benefit amounts shown in the following table do not reflect the reduction based on a portion of the recipient's Social Security benefit in calculating benefits payable under our plans. Benefits are normally paid out on a single-life annuity or 50% joint-and-survivor annuity basis. Optional forms of payment are available.

The following table provides information on the number of full years of service under the plans, as of November 30, 2005, and compensation for purposes of determining retirement benefits, consisting of regular salary plus commissions and overtime. The plan provides retirement benefits based on a percentage of the highest five years' average compensation in the last ten years of employment.

Name	Full Years of Credited Service (#)	Compensation for Purposes of Determining Benefits \$(1)
Charles A. Picasso	12(2)	550,000
Jerre L. Stead	30(3)	400,000
Rohinton Mobed	0(4)	N/A
Jeffrey R. Tarr	1	360,000
Michael J. Sullivan	6	298,077

- (1) Earnings which are eligible to be counted under the terms of the plans for the plan year beginning on January 1, 2005 and ending on December 31, 2005.

- (2) Includes nine additional years of benefit service with which Mr. Picasso was credited on January 18, 2006 pursuant to the supplemental income plan. Does not reflect the ten additional years of benefit service with which Mr. Picasso would be credited if he were to be employed by us through his 65th birthday or if we terminate his employment prior to his 65th birthday other than for cause, he terminates his employment prior to such date for good reason, his employment terminates prior to such date by reason of death or disability or he terminates his employment prior to such date following a change in control. See "—Employment Contracts, Termination of Employment and Change In Control Arrangements—Charles A. Picasso."
- (3) Includes 25 additional years of benefit service with which Mr. Stead has been credited pursuant to the supplemental income plan.
- (4) Mr. Mobed does not participate in the plans, because his business segment is not a participating employer unit in the plans. We anticipate that Mr. Mobed will commence participating in the plans on May 1, 2006.

Participants are 100% vested in their benefit at the time they are credited with five or more years of vesting service or the date when they reach age 65. Vesting may be accelerated in years in which we make a transfer of surplus plan assets to the retiree medical accounts under the plan to provide for retiree medical coverage.

Normal retirement age under the plan is 65, but a participant who terminates employment with at least ten years of vesting service may retire as early as age 55. Participants who terminate employment after age 55 with ten years of vesting service will receive a reduction of benefit equal to 0.5% for each month that benefit commencement precedes age 62. Participants who terminate employment before age 55 with ten years of vesting service will receive a reduction of benefit equal to 0.5% for each month that benefit commencement precedes age 65.

Effective May 1, 2006, the plans will be amended to provide a lump-sum retirement benefit, payable at age 65, equal to 15% of pensionable pay earned from May 1, 2006 through the participant's termination date. The accrued benefit related to pay and service through April 30, 2006 will be frozen and paid as a lump sum or annuity from the plans when the participant subsequently terminates service with us. Grandfathered participants (*i.e.*, those who are at least 40 years of age with 10 years of service as of May 1, 2006), including Messrs. Picasso and Stead, will receive the greater of the two benefits as follows: the benefit based on the old formula recognizing all of their service; or the benefit which is an addition of the old formula for service through April 30, 2006 and the new formula for service after May 1, 2006.

Employment Contracts, Termination of Employment and Change In Control Arrangements

All of our executive officers, other than Mr. Stead, have employment agreements with us. The following are descriptions of the employment agreements for our named executive officers. These descriptions are intended to be summaries and do not describe all provisions of the agreements. In addition, the agreements for individuals who are currently our executive officers, but who are not our named executive officers, may contain provisions that are different than those described in the following descriptions.

Charles A. Picasso. We have entered into an employment agreement with Charles A. Picasso. The following is a description of the material terms of this agreement.

Term. The term of Mr. Picasso's employment under the agreement commenced on October 15, 2004 for an initial term of one year, and it renews automatically on each anniversary of that date for an additional one-year period, unless either Mr. Picasso's employment is terminated earlier in accordance with the agreement or we notify, or Mr. Picasso notifies, the other party in writing at least 30 days prior to the applicable anniversary of the commencement date.

Base salary, bonus and benefits. The agreement provided for an initial base salary of \$550,000, to be increased by the Human Resources Committee of our Board in its sole discretion. Effective November 1, 2005, Mr. Picasso's salary for the year ended November 30, 2006, was increased to \$580,000.

Under the agreement, Mr. Picasso is eligible for an annual bonus pursuant to our then current annual incentive plan. Commencing with the year beginning December 1, 2004, and for each subsequent year during the term of Mr. Picasso's employment, he will be eligible to receive a bonus in an amount equal to 80% of his base salary in effect at the beginning of such year at target performance and in an amount equal to 120% at maximum performance. The performance objectives for Mr. Picasso's annual bonus will be determined by our Board. Mr. Picasso's annual bonus will be prorated for achievement of objectives between 80% and 100% of target performance and between target performance and maximum performance. No annual bonus will be payable in any year for performance at or below 80% of target performance.

Mr. Picasso is also entitled to participate in the employee benefits plans, programs and arrangements as are customarily accorded to our executives.

Termination of employment. If there is no "change in control" (as defined in the agreement), the agreement provides that Mr. Picasso's employment may terminate upon his resignation for "good reason" (as defined in the agreement) or by us without "cause" (as defined in the agreement). In either of these situations, Mr. Picasso is entitled to a lump-sum cash payment equal to the sum of the following:

- any earned but unpaid base salary or other amounts accrued or owing through the date of termination;
- in the event of termination prior to Mr. Picasso's 65th birthday, an amount equal to two years of his then base salary;
- in the event of termination on or after his 65th birthday, in lieu of the payment described in the bullet above, we will employ Mr. Picasso as a consultant for the one-year period following termination and will pay him an amount equal to one year of his then base salary; and
- Mr. Picasso's target bonus amount for such year, prorated for the number of days that have elapsed during such year.

In addition to the foregoing lump-sum payment, Mr. Picasso is entitled to:

- continued participation in our medical, dental and vision plans for the relevant period, as described below, following the date of termination;
- vesting of unvested stock options, restricted stock and other equity awards then held by Mr. Picasso, as determined under the applicable compensation plan;
- outplacement services during the six-month period following such termination; and
- a credit for an additional two years for the purposes of each of the age and service requirements of any of retirement related employee benefit plans, programs and arrangements maintained by us or our affiliates in which Mr. Picasso participated at the time of such termination.

Additionally, if Mr. Picasso is employed by us through his 65th birthday or if we terminate his employment prior to his 65th birthday other than for cause, he terminates his employment prior to such date for good reason, his employment terminates prior to such date by reason of death or disability or he terminates his employment prior to such date following a change in control, he will be credited with ten additional years for purposes of service requirements under the pension plan in which

he participates on such date. This credit will be added to any two-year service credit to which he may otherwise be entitled.

For these purposes, the "relevant period" means, if Mr. Picasso is terminated prior to his 65th birthday, the period of two years following termination of Mr. Picasso's employment, and, if Mr. Picasso is terminated on or after his 65th birthday and is engaged to provide consulting services, the period of one year following the termination of his employment.

In addition to the payments and benefits above, if there is change in control, and within one year of such change in control Mr. Picasso terminates employment for a "CIC good reason" (as defined in the agreement) or is terminated by us without cause, the agreement provides that all unvested stock options, restricted stock and other equity awards held by Mr. Picasso will fully vest and become exercisable as of the effective date of such termination.

Under the agreement, if Mr. Picasso terminates his employment other than for good reason or if his employment is terminated by us for cause, Mr. Picasso will receive no further payments, compensation or benefits, except as accrued or owing prior to the effectiveness of Mr. Picasso's termination, and such compensation or benefits that have been earned and will become payable without regard to future services.

The agreement provides that if Mr. Picasso's employment terminates by reason of death, disability or retirement, he or his beneficiaries will receive a lump-sum cash payment equal to the sum of:

- any earned but unpaid base salary or other amounts, as defined in the agreement, accrued or owing through the date of termination; and
- Mr. Picasso's target bonus for such year, prorated for the number of days that have elapsed during such year.

If employment terminates by reason of Mr. Picasso's retirement, Mr. Picasso may be entitled to additional benefits as determined in accordance with our otherwise applicable employee benefit and retirement plans and programs.

Under the agreement, if Mr. Picasso's employment terminates other than by reason of death or disability, any payments Mr. Picasso is eligible for are contingent on Mr. Picasso's execution of a release.

Tax indemnity. Under the agreement, if any amounts or benefits received under the agreements or otherwise are subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, an additional payment will be made to restore Mr. Picasso to the after-tax position that he would have been in, if the excise tax had not been imposed.

Covenants. Under the agreement, Mr. Picasso has agreed to maintain the confidentiality of certain of our information at all times during his employment and thereafter unless he obtains the prior written consent of our board of directors. Mr. Picasso has also agreed not to compete with us during his employment and for a restricted period, as described below, after any termination of his employment. Additionally, Mr. Picasso has agreed not to solicit, hire or cause to be hired any of our employees or employees of any of our subsidiaries for or on behalf of any competitor during that restricted period. For these purposes, the "restricted period" means the two-year period following termination of Mr. Picasso's employment.

Country Club. Separately, we have agreed with Mr. Picasso that he will be the primary user of our membership in a country club. We have paid for the initiation fee and will continue to pay the monthly family dues while he is employed by us. At such time that Mr. Picasso leaves our employment for any reason, he will no longer be permitted to use our membership.

Jerre L. Stead. Mr. Stead does not have an employment agreement. Mr. Stead's annual compensation is determined by our board of directors, based on his performance and contributions. Our Board has set Mr. Stead's base salary at \$425,000 for the year ending November 30, 2006.

Rohinton Mobed, Jeffrey R. Tarr, and Michael J. Sullivan. We have entered into an employment agreement with each of Rohinton Mobed, Jeffrey R. Tarr, and Michael J. Sullivan. The following is a description of the material terms of their agreements.

Term. The term of employment for Messrs. Mobed and Sullivan under their respective agreements commenced on November 1, 2004. The term of Mr. Tarr's agreement commenced on December 1, 2004. Each such agreement has an initial term of one year, and it renews automatically on each anniversary of that date for an additional one-year period, unless their employment is terminated earlier in accordance with their agreements or we notify, or Messrs. Mobed, Tarr, or Sullivan notifies, the other party in writing at least 30 days prior to the applicable anniversary of the commencement date.

Base salary, bonus and benefits. The agreements of Messrs. Mobed, Tarr, and Sullivan provide for an initial base salary of \$270,000, \$360,000, and \$275,000, respectively, to be increased by the Human Resources Committee of our Board in its sole discretion. Effective in February 2006, the Human Resources Committee established base salaries for Messrs. Mobed, Tarr, and Sullivan at \$354,375, \$391,875, and \$324,000, respectively. Effective in August 2006, Mr. Mobed's salary will increase to \$391,875.

Under their agreements, Messrs. Mobed, Tarr, and Sullivan are eligible for an annual bonus pursuant to our then current annual incentive plan. For the year ending November 30, 2006, each of Messrs. Mobed, Tarr, and Sullivan will be eligible to receive a bonus in an amount equal to 60% of his base salary in effect at the beginning of such year at target performance. Performance objectives for their annual bonuses will be determined by our Chief Executive Officer.

Messrs. Mobed, Tarr, and Sullivan are also entitled to participate in the employee benefits plans, programs, and arrangements as are customarily accorded to our executives.

Termination of employment. If there is no "change in control" (as defined in their agreements), their agreements provide that the employment of Messrs. Mobed, Tarr, and Sullivan may terminate upon their resignation for "good reason" (as defined in their agreements) or by us without "cause" (as defined in their agreements). In either of these situations, Messrs. Mobed, Tarr, and Sullivan are entitled to a lump-sum cash payment equal to the sum of the following:

- any earned but unpaid base salary or other amounts accrued or owing through the date of termination;
- an amount equal to nine months of his then base salary, plus an additional month of such base salary for each year of employment with us or any of our affiliates, up to a maximum aggregate amount equal to two years of such base salary; and
- his target bonus amount for such year, prorated for the number of days that have elapsed during such year.

In addition to the foregoing lump-sum payment, Messrs. Mobed, Tarr, and Sullivan are each entitled to the same rights as Mr. Picasso to benefit plan participation, equity award treatment, outplacement services, and two-year crediting under retirement related employee benefit plans.

For these purposes, the "relevant period" means the period following termination of the employment of Messrs. Mobed, Tarr, and Sullivan equal to the total number of months upon which the payments thereunder are calculated, up to a maximum period of two years. Credit for the year in which

termination occurs will be given for the purposes of calculating payments if he has completed six months or more of service beyond the prior anniversary date of his employment.

In addition to the payments and benefits above, if there is change in control, and within one year of such change in control Messrs. Mobed, Tarr, or Sullivan terminates employment for a "CIC good reason" (as defined in their agreements) or is terminated by us without cause, rights with respect to their equity awards will be the same as those of Mr. Picasso.

Under their agreements, if Messrs. Mobed, Tarr, or Sullivan terminates his employment other than for good reason or if his employment is terminated by us for cause, his rights will be the same as those of Mr. Picasso.

Their agreements provide that if the employment of Messrs. Mobed, Tarr, or Sullivan terminates by reason of death, disability, or retirement, he, or his beneficiaries, will have the same rights as Mr. Picasso.

Under their agreements, if the employment of Messrs. Mobed, Tarr, or Sullivan terminates other than by reason of death or disability, any payments he is eligible for are contingent on Messrs. Mobed, Tarr, or Sullivan's execution of a release.

Tax indemnity. Under their agreements, Messrs. Mobed, Tarr, or Sullivan have the same right to a tax indemnity as Mr. Picasso. Separately, we have agreed to reimburse Mr. Mobed for any tax penalties associated with tax withholding elections for certain equity awards.

Covenants. Under their agreements, Messrs. Mobed, Tarr, and Sullivan have agreed to the same confidentiality, non-competition, and non-solicitation provisions as Mr. Picasso. However, for their purposes, the "restricted period" means the longer of the one-year period following termination of employment of Messrs. Mobed, Tarr, or Sullivan, or in the event he receives payments as a result of his resignation for good reason, termination without cause, or following a change in control, in an amount greater than one year of his then base salary, the period following his termination of employment equal to the total number of months upon which the payments thereunder are calculated, up to a maximum period of two years.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Relationships with Security Holders

Prior to our initial public offering in November 2005, voting and investment decisions with respect to the shares of our company had historically been made by TBG Holdings NV (TBG), a Netherlands-Antilles company which is the indirect sole owner of Urvanos Investments Limited and Urpasis Investments Limited, each of which is known by us to own greater than five percent of our Class B and Class A common stock, respectively. Jerre L. Stead, the Chairman of our Board, is a member of the board of directors of TBG. Michael v. Staudt, an executive vice president of TBG, is a member of our Board. In addition, C. Michael Armstrong, Roger Holtback, and Michael Klein, all members of our Board, have previously served as members of the board of directors and an advisory committee of TBG.

TBG is wholly-owned indirectly by The Thyssen-Bornemisza Continuity Trust (Trust), a Bermuda trust, which was created for the benefit of certain members of the Thyssen-Bornemisza family. The trustee of the Trust is Thybo Trustees Limited (Thybo), a Bermuda company. As trustee of the indirect sole stockholder of TBG, Thybo has the power to exercise significant influence over the management and affairs of TBG, including by electing or replacing TBG's board of directors. In addition, in certain circumstances, Thybo may be required to act with respect to TBG at the direction of Tornabuoni Limited (Tornabuoni), a Guernsey company, which is an oversight entity that was established at the time the Trust was created. The board of directors of Tornabuoni may only act by unanimous vote and

one of its members is Georg Heinrich Thyssen-Bornemisza (a beneficiary of the Trust). Although Thybo has the power to exert influence over TBG, it has not done so in the past and is not required to do so, except in the case of fraud or as directed by Tornabuoni. In addition, while Tornabuoni has the power to direct Thybo to act with respect to TBG, Tornabuoni has not done so in the past. We have been advised by the current directors of each of Tornabuoni and Thybo that they have no intention at this time to exercise any power they may have to exert such influence with respect to TBG.

In addition, there are ongoing discussions among Thybo and the beneficiaries of the Trust with a view to reorganizing the Trust at some point in the future. We understand that it is contemplated that if such a reorganization were to take place, separate trusts for the beneficiaries would be created, with the trust created for the benefit of Georg Heinrich Thyssen-Bornemisza and his immediate family becoming the sole indirect owner of TBG, which in turn will remain the sole indirect owner of Urvanos Investments Limited, which holds shares of our Class A common stock and all of our Class B common stock. The trusts created for the benefit of the other beneficiaries and their immediate families would become owners, directly or indirectly, of the shares of Class A Common Stock then held by Urpasis Investments Limited. Should this reorganization occur, TBG will continue to have the power to exercise significant influence over our management and affairs and over all matters requiring stockholder approval in the same manner as it currently does. In addition, Georg Heinrich Thyssen-Bornemisza (who is the chairman of the board of directors of TBG), along with the trustees of a new trust for his benefit, would have the power to exert significant influence over the management and affairs of TBG, including through electing or replacing members of the TBG board of directors.

We do not face, and have not in the past faced, liabilities (including relating to environmental or health and safety matters) with respect to any properties, businesses or entities that are not part of our core business but are now or were historically owned by TBG or its affiliates, and we do not anticipate incurring such liabilities in the future. However, we cannot provide assurances that this will continue to be the case. We have entered into an agreement with TBG to provide certain indemnities to each other. This agreement generally provides that we will indemnify TBG for liabilities relating to our properties and core business, and that TBG will indemnify us for liabilities relating to any properties, businesses or entities that are now or were historically owned by TBG or its affiliates (other than our properties and core business).

Registration Rights Agreement

We have entered into an agreement that provides registration rights to Urpasis Investments Limited ("Urpasis") and Urvanos Investments Limited ("Urvanos") and their Permitted Transferees (collectively, "holders"), who hold, as of March 17, 2006, an aggregate of 19,863,938 shares of our Class A common stock and all of our shares of Class B common stock. "Permitted Transferees" means (i) any trust, so long as one (or more) of the beneficiaries of the Trust as of the date of this offering is the principal beneficiary (or are the principal beneficiaries) of such trust or (ii) any corporate entity(ies), partnership(s) or other similar entity(ies), that is wholly-owned, directly or indirectly, by the Trust or any trust referred to in (i) above. Set forth below is a summary of these registration rights.

Demand Registration Rights. At any time on or after November 16, 2006 (the first anniversary of our initial public offering), upon the written request of a holder, we will be required to use our best efforts to effect, as expeditiously as possible, the registration of all or a portion of their Class A common stock, provided that the aggregate proceeds of the offering is expected to equal or exceed \$50 million. Urpasis and Urvanos (and their respective Permitted Transferees) will be entitled to a total of six and two demand registrations, respectively. However, we will not be required to effect more than one demand registration within any twelve month period; we will also have the right to preempt any demand registration with a primary registration, in which case the holders will have their incidental registration rights as described below. We will pay all expenses in connection with any registration of shares on behalf of the holders, except that the holders will pay any underwriting discount.

Incidental Registration Rights. Under the agreement, the holders have the right to request that their shares be included in any registration of our Class A common stock other than registrations on Form S-8 or S-4, registrations for our own account pursuant to Rule 415, or in compensation or acquisition-related registrations. In addition, the underwriters may, for marketing reasons, cut back all or a part of the shares requested to be registered and we have the right to terminate any registration we initiated prior to its effectiveness regardless of any request for inclusion by the holders.

Holdback Agreements. Urpasis and Urvanos have agreed that they and their Permitted Transferees will not, until November 16, 2006, directly or indirectly offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of any shares of Class A common stock, or any options or warrants to purchase any shares of Class A common stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of Class A common stock, whether now owned or later acquired.

The registration rights agreement contains the full legal text of the matters discussed above. A copy of the agreement, filed as an exhibit to our registration statement on Form S-1, is made available for review by the Securities Exchange Commission at their website, www.sec.gov.

Private Placement—General Atlantic

On November 16, 2006, the effective date of our initial public offering, Urvanos and Urpasis completed a private placement with certain affiliates of General Atlantic LLC, a private investment group, whereby they sold an aggregate of \$75 million of shares of our Class A common stock at the initial public offering price, or 4,687,500 shares. The General Atlantic entities have agreed, subject to limited exceptions, that they will not, until November 16, 2007 (the second anniversary of our initial public offering), directly or indirectly, sell, pledge, grant any option to purchase, make any short sale or otherwise dispose of the shares of our Class A common stock purchased in the private placement. In addition, we have agreed to provide, following the second anniversary of our initial public offering, under certain circumstances and subject to certain limitations, rights with respect to the registration under the Securities Act of the shares of our Class A common stock purchased in the private placement and held by these entities. Steven A. Denning, the Chairman and a Managing Director of General Atlantic LLC, is a member of our board of directors.

IHS STOCK PRICE PERFORMANCE

Stock Price Performance Graph

The stock price performance graph below, which assumes a \$100 investment on November 11, 2005 (our first day of trading on the NYSE) and reinvestment of any dividends, compares our cumulative total shareowner return (assuming reinvestment of dividends), the Dow Jones Industrial Average Index, the S&P 500 Index, and our Peer Index (as described below) for the period beginning November 11, 2005 through February 12, 2006. The closing price per share of the common stock was \$19.26 on November 30, 2005 (the last day of our fiscal year). No cash dividends have been declared on our common stock since the initial public offering.

The stock price performance indicated on the following graph is not necessarily indicative of future price performance. The stock price performance graph and related information will not be deemed to be incorporated by reference in any filing by the company under the Securities Act of 1933 or the Securities Exchange Act of 1934.

COMPARISON OF CUMULATIVE TOTAL RETURN AMONG IHS INC., DJIA INDEX, AND PEER GROUP INDEX

Value of \$100.00 investment in stock or index assuming reinvestment of dividends:

Because we believe that we are a unique company with no direct competitors, we do not believe that any grouping of publicly-traded companies accurately mirrors our business or our role in the industries that we serve. Instead, we have selected as a "Peer Group" for comparative purposes a number of businesses that we reasonably believe share certain characteristics representative of our own company. Companies selected in the Peer Group Index for this purpose are the following: Axiom Corporation; Arbitron Inc.; ChoicePoint Inc.; The Corporate Executive Board; The Dun & Bradstreet Corporation; Equifax Inc.; FactSet Research Systems Inc.; Fair Isaac Corporation; Gartner, Inc.; Getty Images, Inc.; John Wiley & Sons, Inc.; The McGraw-Hill Companies, Inc.; Moody's Corporation; ProQuest Company; and The Thomson Corporation. The cumulative return of the Peer Group Index is based on a weighted average in accordance with the market capitalization of each company.

STOCKHOLDER PROPOSALS FOR THE 2007 ANNUAL MEETING

If a stockholder wishes to present a proposal to be included in our Proxy Statement for the 2007 Annual Meeting of Stockholders, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC. One of the requirements is that the proposal be received by the IHS Corporate Secretary no later than **October 25, 2006**. Proposals we receive after that date will not be included in the Proxy Statement. We urge stockholders to submit proposals by Certified Mail—Return Receipt Requested.

A stockholder proposal not included in our proxy statement for the 2007 Annual Meeting will be ineligible for presentation at the 2007 Annual Meeting unless the stockholder gives timely notice of the proposal in writing to the Corporate Secretary of IHS at the principal executive offices of IHS:

IHS Inc.
Attn: Corporate Secretary
15 Inverness Way East
Englewood, CO 80112

In order to be timely under our Bylaws, notice of stockholder proposals related to stockholder nominations for the election of Directors must be received by the IHS Corporate Secretary—in the case of an annual meeting of the stockholders—no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the anniversary date of the immediately preceding annual meeting of stockholders. If the next annual meeting is called for a date that is more than 30 days before or more than 70 days after that anniversary date, notice by the stockholder in order to be timely must be received not earlier than the close of business on the 120th day prior to such annual meeting or not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement is first made by IHS of the date of such meeting.

If the number of Directors to be elected to the Board of Directors at an annual meeting is increased and IHS has not made a public announcement naming the nominees for the additional directorships at least 100 days prior to the first anniversary of the preceding year's annual meeting of stockholders, a stockholder's notice will be considered timely—but only with respect to nominees for the additional directorships—if it is delivered to the IHS Corporate Secretary not later than the close of business on the tenth day following the day on which such public announcement is first made by IHS.

Stockholder nominations for the election of Directors at a special meeting of the stockholders must be received by the IHS Corporate Secretary no earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of such special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.

A stockholder's notice to the Corporate Secretary must be in proper written form and must set forth information related to the stockholder giving the notice and the beneficial owner (if any) on whose behalf the nomination is made, including:

- the name and record address of the stockholder and the beneficial owner;
- the class and number of shares of the Corporation's capital stock which are owned beneficially and of record by the stockholder and the beneficial owner;
- a representation that the stockholder is a holder of record of the Corporation's stock entitled to vote at that meeting and that the stockholder intends to appear in person or by proxy at the meeting to bring the nomination before the meeting; and

- a representation as to whether the stockholder or the beneficial owner intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to elect the nominee, or otherwise to solicit proxies from stockholders in support of such nomination.

As to each person whom the stockholder proposes to nominate for election as a Director, the notice must include:

- all information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of Directors pursuant to the Securities Exchange Act of 1934; and
- the nominee's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected.

Notice procedures for stockholder proposals not related to Director nominations, in the case of an annual meeting of stockholders, are the same as the notice requirements for stockholder proposals related to Director nominations discussed above insofar as they relate to the timing of receipt of notice by the Secretary.

A stockholder's notice to the IHS Corporate Secretary must be in proper written form and must set forth, as to each matter the stockholder and the beneficial owner (if any) proposes to bring before the meeting:

- a description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and, if such business includes a proposal to amend the Corporation's bylaws, the language of the proposed amendment), the reasons for conducting the business at the meeting and any material interest in such business of such stockholder and beneficial owner on whose behalf the proposal is made;
- the name and record address of the stockholder and beneficial owner;
- the class and number of shares of the Corporation's capital stock which are owned beneficially and of record by the stockholder and the beneficial owner;
- a representation that the stockholder is a holder of record of the Corporation's stock entitled to vote at the meeting and that the stockholder intends to appear in person or by proxy at the meeting to propose such business; and
- a representation as to whether the stockholder or the beneficial owner intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of the Corporation's outstanding capital stock required to approve or adopt the business proposal, or otherwise to solicit proxies from stockholders in support of such proposal.

You may obtain a copy of the current rules for submitting stockholder proposals from the SEC at:

or through the Commission's Internet web site: www.sec.gov. In addition to any other information that you may find useful, you may also want to consult SEC Release No. 34-40018 dated May 21, 1998.

The IHS 2005 Annual Report on Form 10-K has been mailed with this Proxy Statement.

We will provide copies of exhibits to the Annual Report on Form 10-K, but will charge a reasonable fee per page to any requesting stockholder. Stockholders may make such request in writing to IHS Inc. at 15 Inverness Way East, Englewood, Colorado 80112, Attention: Investor Relations.

The request must include a representation by the stockholder that as of March 17, 2006, the stockholder was entitled to vote at the Annual Meeting.

Independent Auditors

- The Audit Committee shall be directly responsible for the appointment, compensation, retention and oversight of the work of any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company (subject, if applicable, to shareholder ratification). Each such accounting firm shall report directly to the Audit Committee.
- The Audit Committee shall pre-approve the audit services and non-audit services to be provided by the Company's independent auditor before the auditor is engaged to render such services.

The Audit Committee may delegate its authority to pre-approve services to one or more Audit Committee members, provided that such designees present any such approvals to the full Audit Committee at the next Audit Committee meeting.

- The Audit Committee shall review and approve the scope and staffing of the independent auditor's annual audit plan(s).

Financial Statements; Disclosure and Other Risk Management and Compliance Matters

- The Audit Committee shall meet to review and discuss with management and the independent auditor, in separate meetings if the Audit Committee deems it necessary:

- The Audit Committee shall review, in conjunction with management, the Company's policies generally with respect to the Company's earnings press releases and with respect to financial information and earnings guidance provided to analysts and rating agencies, including in each case the type of information to be disclosed and type of presentation to be made and paying particular attention to the use of non-GAAP financial information.
- The Audit Committee shall, in conjunction with the CEO and CFO of the Company, review the Company's disclosure controls and procedures and internal control over financial reporting. The review of internal control over financial reporting shall include whether there are any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information and any fraud involving management or other employees with a significant role in internal control over financial reporting.
- The Audit Committee shall review and discuss with the independent auditor any audit problems or difficulties and management's response thereto, including those matters required to be discussed with the Audit Committee by the auditor pursuant to Statement on Auditing Standards No. 61, as amended.
- In connection with its oversight responsibilities, the Audit Committee shall be directly responsible for the resolution of disagreements between management and any auditor regarding the Company's financial reporting.
- The Audit Committee shall review the Company's policies and practices with respect to risk assessment and risk management, including discussing with management the Company's major

financial risk exposures and the steps that have been taken to monitor and control such exposures.

- The Audit Committee shall establish procedures for:
 - the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and
 - the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
- The Audit Committee shall review any complaints regarding accounting, internal accounting controls or auditing matters received pursuant to such procedures.
- The Audit Committee shall prepare the Audit Committee report that the Securities and Exchange Commission rules require to be included in the Company's annual proxy statement.

Reporting to the Board

- The Audit Committee shall report to the Board periodically. This report shall include a review of any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the independence and performance of the Company's independent auditor, the performance of the internal audit function and any other matters that the Audit Committee deems appropriate or is requested to be included by the Board.
- At least annually, the Audit Committee shall evaluate its own performance and report to the Board on such evaluation.
- The Audit Committee shall periodically review and assess the adequacy of this charter and recommend any proposed changes to the Board.

Authority

The Audit Committee is authorized (without seeking Board approval) to retain special legal, accounting or other advisors and may request any officer or employee of the Company or the Company's outside counsel or independent auditor to meet with any members of, or advisors to, the Audit Committee.

The Audit Committee shall have available appropriate funding from the Company as determined by the Audit Committee for payment of:

- compensation to any accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for the Company;
- compensation to any advisers employed by the Audit Committee; and
- ordinary administrative expenses of the Audit Committee that are necessary or appropriate in carrying out its duties.

The Audit Committee may delegate its authority to subcommittees or the Chairman of the Audit Committee when it deems appropriate and in the best interests of the Company.

Procedures

The Audit Committee shall meet as often as it determines is appropriate to carry out its responsibilities under this charter, but not less frequently than quarterly. The Chairman of the Audit

Committee, in consultation with the other committee members, shall determine the frequency and length of the committee meetings and shall set meeting agendas consistent with this charter.

The Audit Committee shall meet separately, periodically, with management, with internal auditors or other personnel responsible for the internal audit function and with the independent auditor.

Limitations Inherent in the Audit Committee's Role

It is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with GAAP and applicable rules and regulations. This is the responsibility of management and the independent auditor. Furthermore, while the Audit Committee is responsible for reviewing the Company's policies and practices with respect to risk assessment and management, it is the responsibility of the CEO and senior management to determine the appropriate level of the Company's exposure to risk.
